## **Women Grievance Committee**

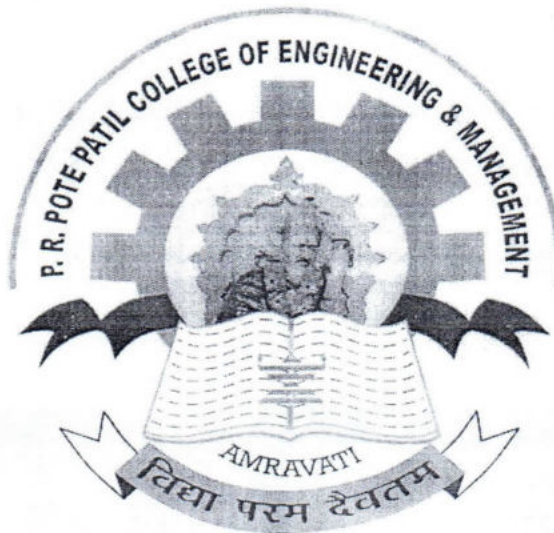

( Prevention of Sexual Harassment of Women )

The Vishakha judgment defines sexual harassment at the workplace as follows:-

"Sexual harassment need not involve physical contact. Any act that creates a hostile work environment - be it by virtue of cracking lewd jokes, verbal abuse, circulating lewd rumors etc. counts as sexual harassment". Anything at work that can place the working woman at disadvantage compared to other male employees in her official career just because she is a woman- can be termed as sexual harassment.

In pursuance of directions of Honorable Supreme court in the case of Vishakha & other Vs. State of Rajasthan & Other, this institute has constituted " Women Complaints Committee " to which women employees may address their complaints, if any, regarding sexual harassment.

**Civil Engineering Student Counseling Meet**

**Mode - Online**

**Organised by**

**Department of Civil Engineering**  
**P.R. Pote (Patil) College of Engineering & Management,**  
**Amravati.**

Every month the counselors of second, third & final year department of civil engineering conducted online meet with their respective counselor batches.

**Following points were discussed with students:-**

- Regarding online classes, discussion session
- Regarding study material of subject
- Filling up scholarship, exam form
- Motivate them regarding participation in online programs, forum activity, online NPTEL courses, etc.
- Make presence in online webinars organized by Dept. on career guidance, competitive exams, alumni talk, etc.

## Energy Saving Report

### Importance of Energy Conservation:

Energy conservation plays a significant role of lessening climate change. It helps the replacement of non-renewable resources with renewable energy. Energy conservation is often the most inexpensive solution to energy shortages, and it is more environmentally kind alternative to increased energy production. Since, we have limited quantity of non-renewable energy resources available on earth, it is very important to preserve energy from our current supply or to utilize renewable resources so that it is also available to our future generations. Energy conservation plays a very important role because utilization of non-renewable resources also impacts our environment. Specially, usage of fossil fuels supplies to air and water pollution such as carbon dioxide is produced when oil, coal and gas combust in power stations, heating systems, and engines of car.

### Activities:

#### 1. Guest Lecture on Energy Conservation:

Department of Electrical Engineering had organized Guest lecture on "Energy Conservation" on 14th December 2019 on the Occasion of "World Energy Conservation Day" for Second year students to raise awareness among the students about the importance of energy conversation, global warming, climate change, energy efficiency and promotes efforts towards saving energy resources.

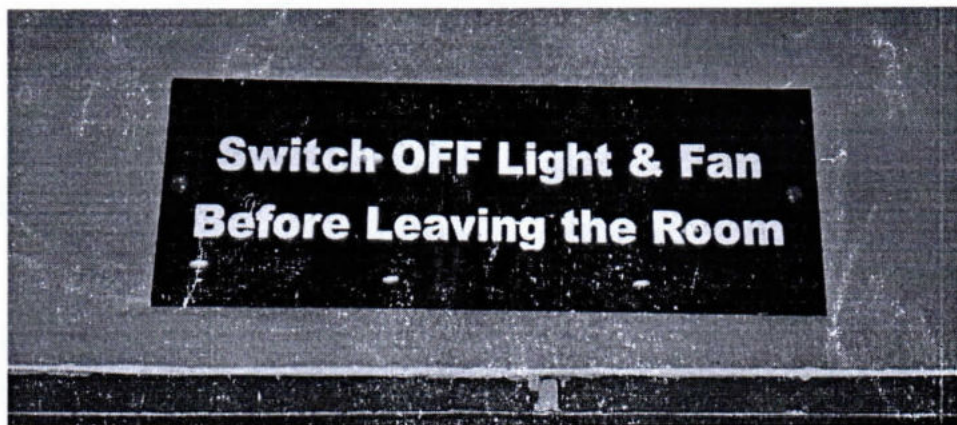

## 2. Install CFL Lights

Replacing incandescent bulbs in laboratories with CFL bulbs. CFL bulbs cost more upfront but last 12 times longer than regular incandescent bulbs. CFL bulbs will not only save energy but over time you end up saving money.

## 3. Switch Off Appliances When Not in Use

Electrical appliances like Lights, Fans, Idle printers, Desktop computers keep on using electricity even when not in use. Just switch them off if you don't need them immediately.

## **E- WASTE MANAGEMENT POLICY**

### **1| Overview**

E-Waste (Management & Handling) Rules, 2011 were notified in 2011 and had come into effect since 1st May, 2012. We, P. R. Pote (Patil) College of Engineering and Management (PRPCEM), Amravati was one of the End user / Producers who has Responsibly implemented E-Waste Rules and very responsibly trying to manage all aspects as per the set rules. We also kept on making regular upgrades to comply all perspective of environmental conservation through local / partner association for handling and management of electronic and electrical waste, in no ways ending at landfill.

Now, as per the new guidelines, MoEF& CC, Government of India in supersession of E-Waste (Management and Handling) Rules, 2011 has notified the E-Waste(Management) Rules, 2016 vide G.S.R. 338(E) dated 23.03.2016 which has now been effective from 1st October'2016. These rules are applicable to every producer, consumer or bulk consumer, collection centre, dismantler and recycler of e-waste involved in the manufacture, sale, purchase and processing of electrical and electronic equipment or components specified in Schedule – I of the Rules.

Two categories of electrical and electronic equipment namely (i) IT and Telecommunication Equipment such as Network switch, OFC, Routers, Lan cables, Computer peripherals, printer cartridges, and (ii.) Consumer Electricals and Electronics such as TVs, Refrigerators, Air Conditioners, LED Lamps, PCBs, Electronics components, wires and cables, including fluorescent and other mercury containing lamps are covered under these Rules. The main feature, of these rules, is Extended Producer Responsibility (EPR). Target based approach for implementation of EPR has been adopted in the E-Waste (Management) Rules, 2016, which stipulate phase wise collection target to producers for the collection of e-waste, either in number or weight for respective category, which shall be 30% of the estimated quantity of waste generation during first two year of implementation of rules followed by 40% during third and fourth years, 50% during fifth and sixth years and 70% during seventh year onwards.

But with sheer pro-activeness and continued guidance from the management, we at PRPCEM, within no-time, have updated our systems and processes as per the new mandate of E-Waste (Management) Rules, 2016, which includes specific guidelines for extended producer responsibility, channelization, collection, storage, transportation, environmentally sound dismantling and recycling, refurbishment and final disposal with the help of external agency.

## **2] Waste Collection**

PRPCEM has developed an internal standard procedure of collection and proper recycling of e-waste abiding all aspects of the new rules. Now, for collection we have made an Internal Training Module to have create/spread awareness across all department and staff members.

We also have collectively developed collection mechanism along with external Agency. They are offering us for end-to-end recycling of all collected and handed-over electronic and electric waste (e-waste). Any of our electronics waste generated is collected in respective department and after combining sent to E-Waste management facility.

## **3] Collection Points**

PRPCEM has been committed to effective collection of all e-waste from all four departments. We have been assigning the recycler responsible for collecting the cumulative load within 190 days from it been deposited by the end user / producer.

## **4] Health Effects**

When we throw out our electronics, they wind up in Landfill causing the possibility of toxic metal leaching into the groundwater. Toxic metals in e-waste leach into our supply of resources, threatening their integrity. When e-waste is openly heated which is a rudimentary process by the un-registered user or scrap dealers, toxic chemicals are released into the air, damaging the atmosphere and posing a serious threat to health and existing life.

E-Waste management is a critical consideration for future generations as proper e-waste recycling is becoming hard to find, with very less efficient recyclers in the business. E-Waste is not a problem going away soon. In fact with the alarming rise in the use of electronics and electrical products the volume is only going to rise. As per a study by

ASSOCAM, it is said to be growing at a rate of 33% cumulative every year. With all the produce and dump which happens in India, it is said to have a 500% increase in e-waste over the next decade.

It is crucial to know effects of e-waste on the environment, and make a collective effort to build awareness and systems to curb all its ill positioning for our existing and future generation.

## **5] E – Waste Management Do's and Dont's**

### **Do's:**

1. Please check for the life-cycle of your product on the Product Information Booklet.
2. Please speak on the mentioned Toll-Free Number for any query about your product.
3. Please hand-over e-waste only at the designated collection centre of the Brand.
4. Please make sure you earn incentive from the brand on handing-over e-waste the correct way.
5. Please accumulate all unused electronic and electrical items only to be handed-over to the Brand or Registered Recycler.
6. Please acknowledge buy-back and exchange program from the Brand.
7. Please drop your scrap electronic parts, handed-back to you after replacement with the new part, at the e-waste drop box in the service centre.
8. Please register that as an individual we all have Individual responsibility towards the conservation of our environment.

### **Dont's:**

1. Please do not throw any electronics (including batteries) into garbage bin.
2. Please do not sell e-waste to scrap dealers or unauthorised agents for little/some cash.
3. Please do not dispose of e-waste in landfill or in pits as an ill-treasure for your next generation
4. Please do not open unused electronics without expert supervision, as it can be hazardous.
5. Please do not cut-open parts or components without brand representative's supervision

**P.R. Pote (Patil) College of Engineering & Management,**  
**Amravati.**

## **JALSHAKTI ABHIYAN 2020-21**

Central government has launched the project "**JalshaktiAbhiyaan**" in a bid to make Maharashtra a drought-free state by 2021. The project involves deepening and widening of streams, construction of cement and earthen stop dams, work on nullahs and digging of farm ponds. The mobile app is being used to map these locations. The mapped location can be monitored through web page. The project aims to make 6.64 lack villages free of water scarcity every year.

"This Abhiyan aims at initiating permanent measures to make the state drought-free by 2021 and to harvest rainwater within the village boundaries, thereby increasing ground water levels,"

### **WORKS TO BE DONE UNDER JALSHAKTI ABHIYAAN**

- Broadening and deepening river base.
- Removing silt from lakes, ponds, farm ponds, and canals which prevents water percolation.
- Building check dams, canals, small ponds, and wells (individual and community).
- Tree plantation & etc.

### **JALSHAKTI ABHIYAAN AT PRPCE & M AMRAVATI CAMPUS**

**P.R Pote (Patil) College of Engineering & Management** also developed a lake with respective above feature such as to increase the water level, for ground water recharge, tocreate Decentralized Water Bodies, & etc.

**Dimension of lake is 150 ft X 350 ft**

**Management provides 11 bore each of 20 ft depth**

### **SALIENT FEATURES OF JALSHAKTI ABHIYAAN**

The control of the Abhiyan is with District Collector – **Collector is captain of the Team.**

- Collector is Chair person of the District Level Committee – He is responsible for selection of villages, approval of the plan and implementation of the works.
- The village plan is based on **the water budget of the village** and the Gram Sabha is empowered to approve the plan.
- The Divisional Commissioner is Nodal Officer of the Division Level Committee.

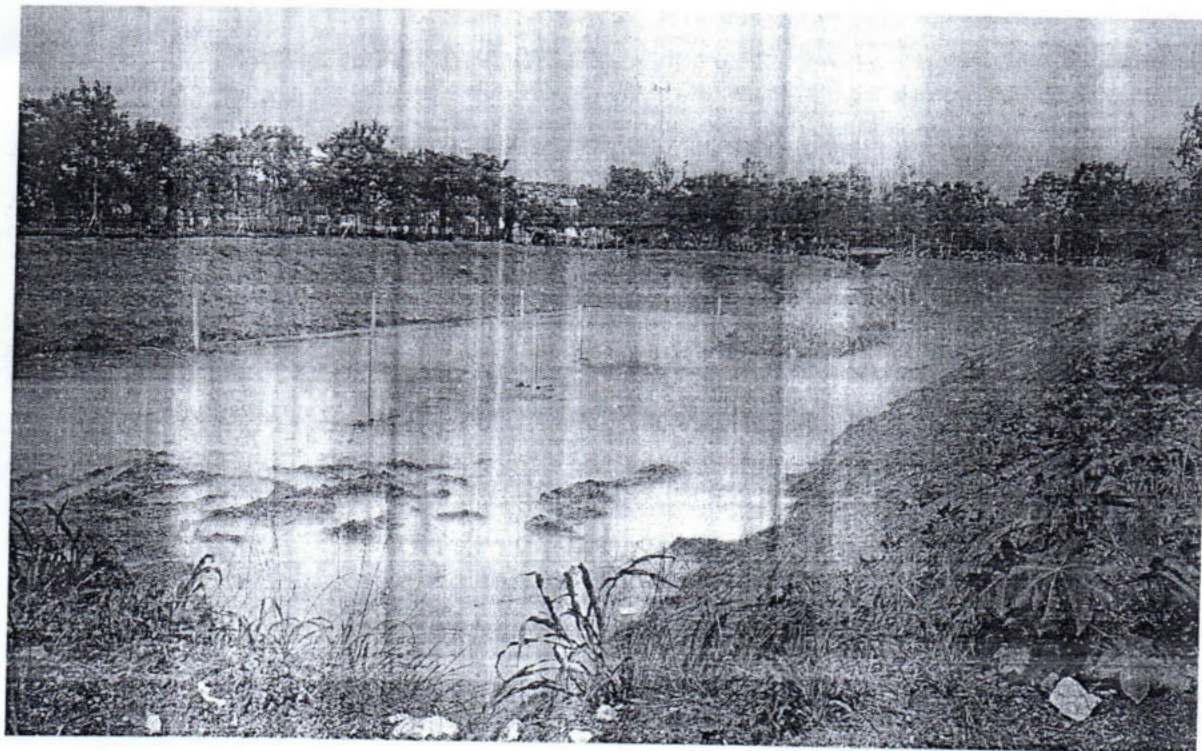

There is the **convergence of 14 schemes** related to Water Conservation.

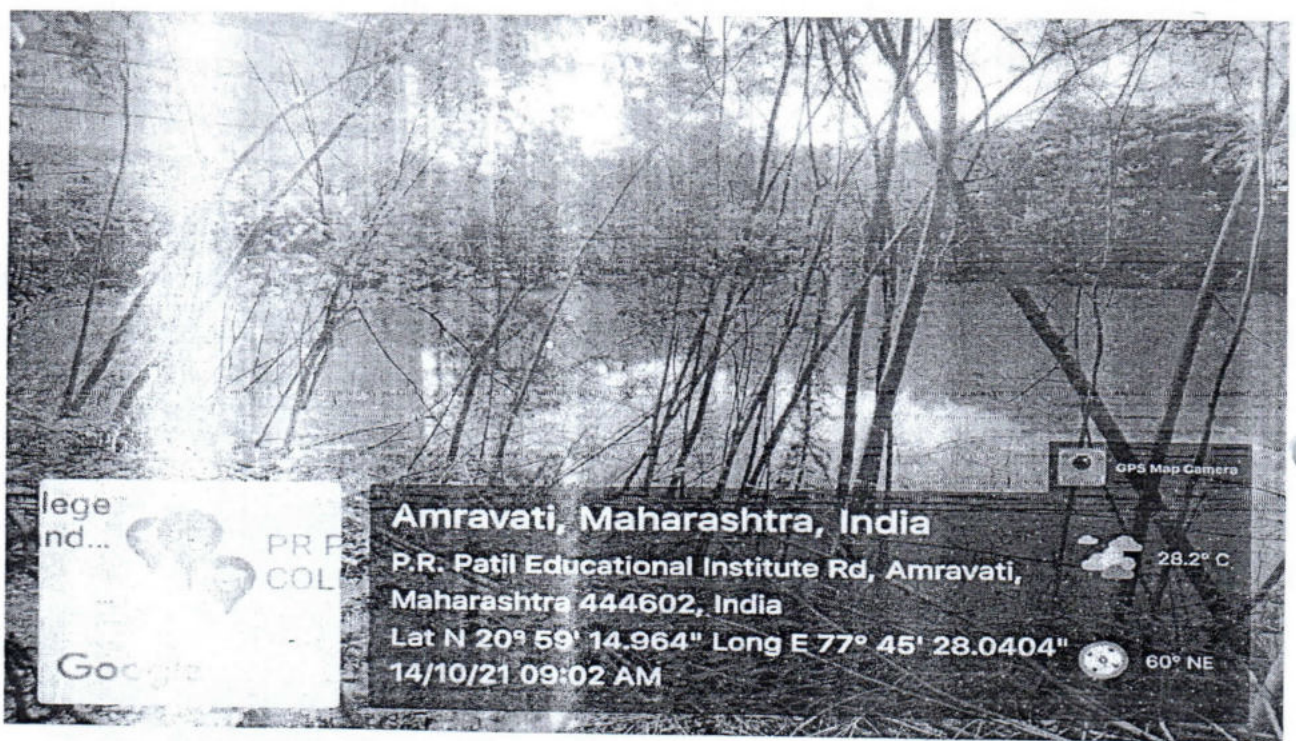

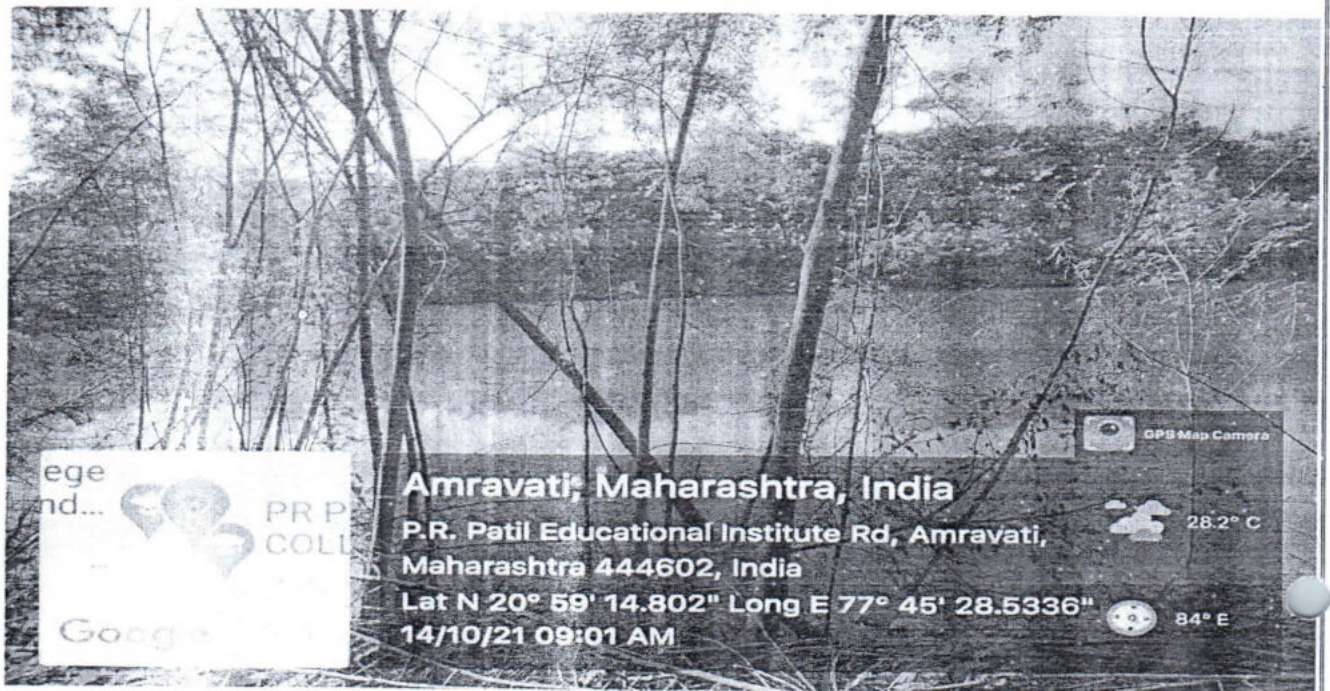

## OBJECTIVE OF JALSHAKTI ABHIYAAN

- To arrest maximum runoff in the village area.
- To create **Decentralized Water Bodies**.
- To increase the **Groundwater Level** in Drought areas.
- To create **new structures** of water conservations.
- **Rejuvenation** of the water storage capacity of various existing structures like Village Tank, Percolation Tank CNB through repairs and renovations.
- To increase storage capacity of water bodies by **removing silt through People's Participations**.
- To sensitize the concept of **Water Budgeting**.
- To encourage Tree Plantation.
- To create awareness and encourage people for efficient use of water for farming.
- Increase in cropping intensity.
- Increase in area under Soil Moisture Security.

## Tree Plantation

Date of Activity: 09/07/2020

The tree plantation was organized by Electrical Engineering Students Association (EESA) on date 09/07/2020. Under this nearly 30 students planted the saplings in their own home, Village, City on 9 Am onwards, 09-07/2020. The overall Program was smoothly conducted by EESA Faculty Coordinator P. V. A. P. Pundkar & Prof. S. V. Kalmegh under the guidance of Prof. D. A. Shahakar, Head of Electrical Engineering Department.

### III. ACKNOWLEDGEMENT

Ground Zero Energy Solutions humbly acknowledges wholehearted support provided by the management of P.R. Pote College of Engineering & Management, Amravati during the process of Green audit & energy audit. The college staff was immensely courteous in supporting the assessment work. We are thankful to all of them. Green & energy audit was conducted in the months of August-September 2020.

**Arvind B. Bhalerao**  
Energy Auditor Class - B

Electrical audit team

Ground Zero Energy Solutions

Place: Amravati, Maharashtra.

Date: October 07, 2020.

for, Ground Zero Energy Solutions

Mr. Arvind B. Bhalerao,

BEE certified Energy auditor

(AEA-0160)

#### IV. Electrical Audit Team

The team which carried out on-field and off-field energy audit exercise comprised following members.

SN	Name	Qualification
1	Mr. Om V. Bapat	ME, Electrical power systems.
2	Mr. Arvind B. Bhalerao	M.Tech, BEE certified Accredited Energy Auditor (AEA-0160)
4	Mr. Bhumesh N. Hatwar	Diploma, Electrical engineering.
5	Mr. Prajwal Lende	Diploma, Electrical engineering.
7	Mr. Shubham Ingale	ITI Electrician.

**Table 1: Electrical audit team**

## V. EXECUTIVE SUMMARY OF ECOs

SN	Energy Conservation Opportunities (ECOs)	Annual Electricity & fuel savings (kWh & kL)	Annual cost savings (Rs.)	Capital investment (Rs.)	Simple payback period (Months)
<b>Short term projects (Less than 1 year)</b>					
1	Replacing 303 Nos. of 28 W fluorescent tubes with 20W LED tube.	5,817.60	28,273.54	98475	41.80
2	Replace 658 Nos. of 60W ceiling fans with 28W energy efficient fans.	50534.40	465421.82	1118600	28.84
<b>Total</b>		<b>56,352.00</b>	<b>493,695.36</b>	<b>1,217,075.00</b>	<b>29.58</b>

**Table 2: Executive summary of Energy Conservation Opportunities**

## 1. ABOUT THE INSTITUTE

P. R. Pote Patil College of Engineering and Management, Amravati was established in the year, 2008 with the aim of providing professional education in the field of Engineering with an area of 10 acres.

The institute is a one of the consumers in the P.R. Pote group of Institutions. Electric supply provided to the group of Institutions through High tension 11 kV feeder. The consumed energy of the institute is measured using tri-vector CT/PT meter on 11 kV side. The college is a major consumer of electricity amongst all.

It is well known as a reputed institute for under-graduate programs in Civil Engineering, Computer Science and Engineering, Electrical Engineering, Electronics & Telecommunication Engineering and Mechanical Engineering, and post-graduate programs in Computer Science and Engineering, Electrical Engineering, Electronics & Telecommunication Engineering and Mechanical Engineering. The college also offers MBA and MCA courses.

The infrastructure in the institute consists of,

- Multimedia classrooms
- WiFi campus
- Various laboratories
- Library with digital media
- AV theatres
- Seminar halls
- Swami Vivekanand Auditorium having capacity of 10000.

## 2. INTRODUCTION TO GREEN AUDIT

Green audit serves to identify opportunities to sustainable development practices, enhance environmental quality, improve health, hygiene, and safety, reduce liabilities, and save money and achieve values of virtue. Environmental audits can be a highly valuable tool for college in a wide range of ways to improve their environmental and economic performance and reputation, while reducing wastages and operating costs. Once a baseline data is prepared after the auditing process, the data can serve as a point of departure for further action in campus greening. It will also help the college to compare its programs and activities with another peer institutions, identify areas for improvement and prioritize the implementation of future projects. The data will also provide a basis for calculating the economic benefits of resource conservation projects by establishing the current rates of resource use and their associated costs. Simple but effective system was devised and applied to prepare a baseline data and monitor the environmental performance of PRPCEM. The aim of green auditing is to help the institution to apply sustainable development practices and to set examples before the community and young learners.

Green Audit is a process of systematic identification, quantification, recording, reporting and analysis of components of environmental diversity of various establishments. It aims to analyze environmental practices within and outside of the concerned sites, which will have an impact on the eco-friendly ambience.

Green audit can be a useful tool for a college to determine how and where they are using the most energy or water or resources; the college can then consider how to implement changes and make savings. It can also be used to determine the type and volume of waste, which can be used for a recycling project or to improve waste minimization plan. It can create health consciousness and promote environmental awareness, values, and ethics. It provides staff and students better understanding of green impact on campus. If self-enquiry is a natural and necessary outgrowth of a quality education, it could also be stated that institutional self-enquiry is a natural and necessary outgrowth of a quality educational institution. Thus, it is imperative that the college evaluate its own contributions toward a sustainable future. As environmental sustainability is becoming an increasingly important issue for the nation, the role of higher educational institutions in relation to environmental sustainability is more prevalent.

### **2.1 The specific objectives are:**

- 1) To prepare a checklist of flora and fauna diversity in and around the college campus.
- 2) To suggest measures to improve biodiversity within the college campus.
- 3) To assess the quantity of water usage within the college campus.
- 4) To suggest sustainable energy usage and water conservation practices.
- 5) To find out various sources of organic and solid waste generation and mitigation possibilities.
- 6) To inculcate values of sustainable development practices through green audit mechanism.

### **2.2 Target areas of green auditing**

#### **2.2.1 ENERGY AUDIT**

The purpose of this Energy Audit study is to investigate the energy consumption pattern and explore possibilities of energy conservation measures on account of load distribution, technology advancement, equipment aging and general maintenance requirements. The scope of this study is as under.

- a) Analysis of the electricity bills of the institute.
- b) Detailed survey of connected electrical load in the premises of the institute.
- c) Study of performance of various energy consuming equipment.
- d) Performance comparison with relevant benchmarks.
- e) Identification of Energy Conservation Opportunities (ECOs).
- f) First order cost-benefit analysis of identified ECOs.

#### **2.2.2 WATER AUDIT**

This indicator addresses water consumption, water sources, irrigation, storm water, appliances, and fixtures. Aquifer depletion and water contamination are taking place at unprecedented rates. It is therefore essential that any environmentally responsible institution should examine its water use practices.

### 2.2.3 BIODIVERSITY AUDIT

All plant and animal species - including humans - are linked together in a complex web of life; we depend upon biodiversity for our survival. Biodiversity is the key to healthy ecosystems and ultimately a healthy planet. It keeps the air and water clean, regulates our climate and provides us food, shelter, clothing, medicine, and other useful products. Each part within this complex web diminishes a little when one part weakens or disappears.

### 2.2.4 BIODEGRADABLE AND HAZARDOUS WASTE AUDIT

This indicator addresses biodegradable waste from college and hostel canteen, paper waste to Hazardous wastes of laboratories and worn-out electric & electronic goods, and plastic wastes. Hazardous materials represent significant risks to human health and ecological integrity. Hazardous wastes are also leached out through the e-waste generated in the campus.

### 3. OBJECTIVE AND SCOPE OF THE ENERGY AUDIT

The purpose of this Energy Audit study is to investigate the energy consumption pattern and explore possibilities of energy conservation measures on account of load distribution, technology advancement, equipment aging and general maintenance requirements. The scope of this study is as under.

- g) Analysis of the electricity bills of the institute.
- h) Detailed survey of connected electrical load in the premises of the institute.
- i) Study of performance of various energy consuming equipment.
- j) Performance comparison with relevant benchmarks.
- k) Identification of Energy Conservation Opportunities (ECOs).
- l) First order cost-benefit analysis of identified ECOs.
- m) Preparation of a Single Line Diagram (SLD) of the electrical distribution of the institute premises.

#### 3.1 Methodology

The audit exercise was carried out as briefed below,

- Walk-through audit of the entire facility and meetings with various departments to understand the working of the facility and collection of electricity bill data, manuals, and datasheets of various electrical equipment.
  - Field study to measure and assess the performance of various electrical equipment.
  - Analysis of the collected data and comparison thereof with the benchmarks as per the BEE guidelines.
  - Identification of Energy Conservation opportunities.
  - Evaluation and prioritization of the ECOs based on savings and investment.
  - Preparation of the energy audit report.

Fig 3.1: Methodology

### 3.2 Instruments Used in An electrical Audit

SN	Instrument	Make	Specifications
1	3 Phase Power analyzer	METREL	Full compliance with power quality standard IEC 61000-4-30 Class S.
2	Digital clamp-on Multimeter	MECO	AC- 600 V, CAT-III
3	Infrared thermometer	Fluke	0-350 <sup>0</sup> C.
4	Flue Gas Analyzer	Testo	O <sub>2</sub> and CO sensors
5	Thermo Hygrometer	Testo	Measurement of relative humidity, dry and wet bulb temperature.
6	Vane Anemometer	Testo	Measurement of air velocity, volume, temperature.

**Table 3.1: Instruments used in Electrical audit**

### 3.3 Electricity consumer details

CONSUMER DETAILS			Remark
Consumer Name	Chairman,P.R. Pote (Patil) Education & Welfare Trust		
Consumer No	364189006400		
Meter No	055-X1092744		
Date of connection	22/12/2014		
Circle	Amravati circle 620		
TARIFF DETAILS			
Billing period		Aug 20 to July 21	
Tariff applicable from		April 2020	
Tariff category		143 HT-VIII B	
Connected load	kW	150	
Contract demand	kVA	212	
60% of contract demand	kVA	127.20	
Feeder voltage	KV	11	
Energy charges	Rs/KVAH(KWH)	9.21	
Wheeling charges	Rs/KVAH	0.56	
Monthly Demand charges	Rs/kVA	432	
Excess demand charges	Rs/kVA	Applicable	
TOD tariff applicable	Y/N	Y	
PF incentive applicable	Y/N	N	

**Table 3.2 Primary billing information**

#### Remark

Although financially nonconsequential, a discrepancy in connected load has been observed. While the connected load is mentioned as 150 KW on the bill, it is observed to be in the order of 228 KW.

## 4. SUMMARY OF CONNECTED LOAD

### 4.1 Load Mix

Overall connected load composition observed in the college campus is as depicted in the Pie chart below,

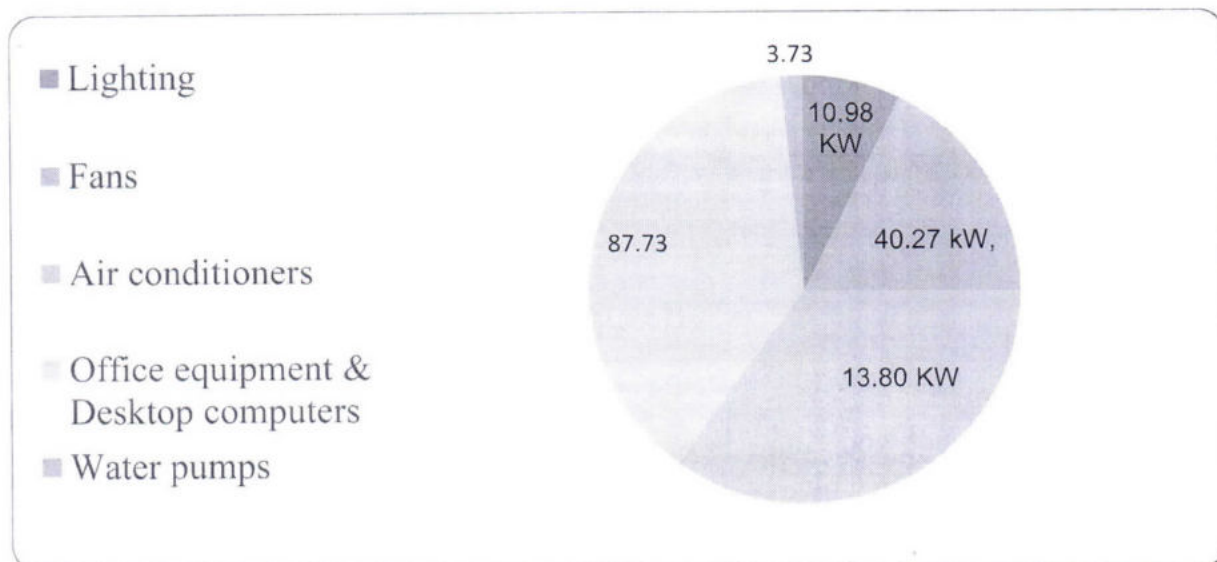

Figure 4.1 Load Mix

### 4.2 Lights and Fans

Table 4.1 Summary of Lights & fans				
Category	Type	Quantity	Total KW	Aggregate KW
Fl Tubes & Lamps	T5	303	8.48	8.88
	T8	11	0.40	
	T12	0	0.00	
	Incandescent Lamp	0	0.00	
CFL	12 W	26	0.31	0.32
	7 W	1	0.01	
	40 W	0	0.00	
LED Lights & Tubes	20 W	63	1.26	7.31
	18 W	13	0.23	
	12 W	107	1.28	
	8 W	550	4.40	
	4 W	32	0.13	
Focus Lights	50 W	0	0.00	0.30
	70 W	0	0.00	
	30 W	0	0	
	100 W	3	0.30	

Fans	Ceiling Fan (CF)	658	39.48	40.27
	Wall Fan (WF)	5	0.28	
	Exhaust Fan (EF)	17	0.51	
	Pedestal Fan (PF)	0	0.00	

#### Remark

- 1) Out of the connected load of Lights & Fans, total of 314 fluorescent tubes which contributes about 8.88 KW of connected load may be replaced by LED lights to reduce consumption.
- 2) Further the total of 658 fans can be considered for replacement by the energy efficient fans in a gradual and phased manner to get net savings through reduced energy consumption.

#### 4.3 HVAC

Table 4.2 Summary of HVAC and Pump load					
Category	Star rating	Type	Quantity	Total KW	Aggregate KW
Air conditioners	1 Star	2500 W	0	0	79.836
	2 Star	2392 W	0	0	
	3 Star	1857 W	0	0	
	4 Star	1576 W	45	70.92	
	5 Star	1040	6	8.92	
Water Coolers		500W	5	2.50	2.50
Air Coolers		1200W	2	2.40	2.40
Freezers		120 W	0	0	0
Geysers		2000 W	0	0	0
		3000 W	0	0	
Iron		800 W	0	0	0
Heater		1000 W	1	1	1
Water Pumps		1000 W	5	5.00	5.00

#### Remark

- 1) There are total of 51 Air conditioners in the premises. Out of which only 45 are found to be 4-Star and 6 are found to be 5-Star.

#### 4.4 Office equipment

Table 4.3 Summary of office equipment				
Category	Type	Quantity	Total KW	Aggregate KW
Office Equipment	PC	616	67.76	103.73
	Printer	32	16.00	
	Photocopier	3	0.60	
	LED Watch	0	0	
	Projector	0	0	
	CCTV Monitor	101	1.52	
	TV LED	2	0.1	

#### Remark

Detailed survey of the connected load yields an estimated connected load of about 228 KW. Majority of load equipment and gadgets have been replaced with state-of-the-art energy efficient substitutes while a few need replacements. Detailed discussion on opportunity for energy conservation is discussed later in this report.

## 5. ENERGY CONSERVATION OPPORTUNITIES

### 5.1 ECO-1: Replacement of fluorescent tubes.

**Table 5.1: Saving calculation for ECO-1**

	UoM	
<b>A. Existing system</b>	:	303 Nos. of Fluorescent tubes (FTL T-5) of 28W are fitted in the campus.
<b>B. Proposed system</b>	:	Replacing 303 Nos. of 28 W fluorescent tubes with 20W LED tube.
<b>Assumptions</b>	Lights and Fans working hrs/day	8
	Working days per annum	300
<b>C. Energy savings Calculations</b>		
Total Nos. of tube lights to be replaced	Nos.	303
Wattage of each FTL T-5 tube light	kW	0.028
Total connected load of 28W tubes	kW	8.48
Energy consumption of 28W tubes per annum	kWh/annum	20361.6
Cost of 1 unit energy	Rs.	9.21
Cost of energy consumed by 28W tubes	Rs./annum	187,530.34
Total connected load of 20W LED tubes	kW	6.06
Energy consumption of 20W LED tubes per annum	kWh/annum	14544
Cost of energy consumed by 20W LED tubes	Rs. /annum	133,950.24
Total energy savings	kWh/annum	5817.6
Total cost saving	Rs./annum	28273.536
Investment (Purchase of retrofit LED tubes that can be fitted in existing tube brackets) Cost of each tube Rs. 325.00	Rs.	98475
Simple payback period	Months/ Years	41.80 3.48
Operational life of the LED lights in years.**		21

## 5.2 ECO-2: Replacing 658 Nos. of 60W ceiling fans with 28W energy efficient fans.

**Table 5.2: Saving calculation for ECO-2**

	UoM	
<b>A. Existing system</b>	:	658 Nos. of ceiling fans of 60W are fitted in the campus.
<b>B. Proposed system</b>	:	Replace 658 Nos. of 60W ceiling fans with 28W energy efficient fans.
<b>C. Energy savings Calculations</b>		
Total number of conventional ceiling fans	Nos	658
Wattage of each fan	Watt	60
Present tariff rate	Rs. /kWh	9.21
Total connected load of 60W fans	kW	39.48
Energy consumption of 60W fans per annum	kWh/annum	94752
Cost of energy consumed by 36W tubes	Rs./annum	872,665.92
Total load of Star rated 28 W Fans	kW	18.42
Energy consumption of Star rated fans per annum	kWh/annum	44217.6
Cost of energy consumed by Star rated fans	Rs./annum	407,244.10
Total energy savings	kWh/annum	50534.4
Total cost saving	Rs./annum	465421.824
Investment on star rated fans at Rs.2500 per fan Less resale value of old fans at Rs. 800/- per fan	Rs.	1118600
Simple payback period	Months/Years	<b>28.84</b> <b>2.40</b>
Operational life of the star rated fans in years.**		<b>15</b>

## 6. WATER AUDIT

### 6.1 Introduction

Table 6.1 Water usage details	
Water cooler installed for drinking water	5 Water filters
Number of toilets	40
Number of toilet flushes	40
Number of urinals for boys	30
Number of water taps	100
Number of wash basins	10
Number of wells	3
Corporation tank (4000 liters)	1
Quantity of water pumped per day	20,000 liters
Number of reservoirs	1

Water audit is conducted periodically to determine water supplied in the distribution system as well as water lost and/or used within a distribution system. It aims to establish the water consumption pattern in individual sections, to realize the consumption levels with respect to exploring various pollution prevention and wastewater minimization opportunities. Water audit also helps to establish the existing water distribution system as well as wastewater collection and recycling, if any. The water is supplied in the college by municipal supply as well as by the ground water supply.

### 6.2 Existing water management methods installed in the campus

Reservoir of 2775 m<sup>2</sup> area for rainwater harvesting.

Water conservation and green awareness campaigns have been conducted.

Rainwater collection pits are dug to recharge ground water.

More greenery has been added consistently to improve ground water resource.

Figure 6.1 Reservoir with ever increasing greenery and ground water level.

Figure 6.2 Consistently increasing greenery

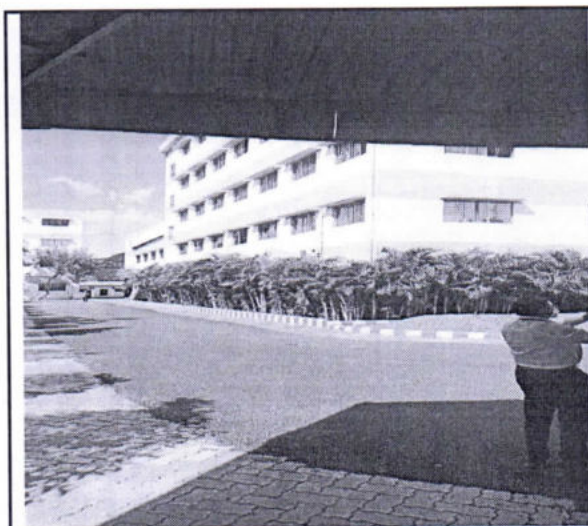

Figure 6.3 shrubs plantation

Figure 6.4 New plantation

## 7. WASTE MANAGEMENT

Total Stakeholders – 2350

- Class rooms –
- Other rooms –
- Number of Garbage dumps – 5
- Number of toilets - 40
- E-wastes- computers, electrical and electronic parts – Disposal by selling
- Plastic waste- Burning, dumping pit
- Solid wastes – Damaged furniture, paper waste, paper plates, food wastes
- Chemical wastes – Laboratory waste
- Wastewater – Washing, urinals, bathrooms
- Glass waste – Broken glass wares from the labs
- Waste treatments –
- Napkin incinerator - 3

A composting pit is highly essential for the treatment of biodegradable waste generated from the canteen, hostels, food leftover by students and staff, office, vegetable garden and from the college campus cleaning process. Different methods such as pit composting, vermi-composting, bacterial composting using bacterial consortium, may be used to treat the biodegradable waste. Hazardous waste such as chemical waste from laboratories, E-waste, plastic, glass, tin waste etc. generated from the college can be collected properly and may be handed over to the local self-governments treatment yards or else college should install proper chemical disposing unit. E-waste, plastic and glass bottles, other plastic wastes, cans, broken glass wares, tins etc., may be recycled or sold out.

The College has missed few major recycling opportunities, except for food waste from the dining halls. Installation of sanitary napkin incinerator at ladies waiting room and increasing the capacity of existing incinerator in girl's hostel. Different coloured bins maybe placed to collect and segregate various types of waste. Training and campaigns in cotton bag making for

students and staff will reduce use of throw away plastic carry bags. Periodical training in health & hygiene, waste management and disposal, green healthy practices may inculcate a positive attitude for a clean and healthy living.

## **8. CONSOLIDATION OF AUDIT FINDINGS**

Green Audit will create a greater appreciation and understanding of the impact of college's actions on the environment. PRPCEM have successfully been able to identify the impacts on the environment through the various auditing exercises. The green auditing exercise have brainstormed and provide insights on practical ways to reduce negative impact on the environment. Participating in this green auditing procedure have gained knowledge about the need of sustainability of the college campus. It will create awareness around the use of the Earth's resources in your home, college, local community and beyond. PRPCEM should adopt an Environmentally Responsible Purchasing Policy, and work towards creating and implementing a strategy to reduce the environmental impact of its purchasing decisions. Many computers hardware and electrical supply companies now cooperate with customers to reclaim old or damaged parts.

### **8.1 Recommendations**

- 1) Installation Biogas plant and Compost units.
- 2) Installation of Solar panels to generate electricity.
- 3) Installation of Incinerators to dispose sanitary napkins.
- 4) Installation of rainwater harvest methods on roof top and ground.
- 5) Dig sufficient rainwater pits in the 10-acre campus wherever possible and maintain it regularly.
- 6) Set up water recycling unit where the recycled water can be used for gardening in college and hostels.
- 7) Grow up vegetable garden and medicinal garden and gradually develop it as a nursery.
- 8) Develop a butterfly garden that arouse appreciation towards flora and fauna diversity.
- 9) Cut down 'acacia trees' and 'rubber trees' which is abundant in campus and grow up diversity and let it become a natural laboratory for students, researchers, and scholars.
- 10) Name all the trees and plants with its common name and scientific name.
- 11) Display boards of fauna diversity to generate enthusiasm for learners.
- 12) Layout 'Green Chemistry' that reduces or eliminates the use or generation of hazardous substances in the design, manufacture, and application of chemical products.
- 13) Install wastewater system for chemistry labs.
- 14) Organize earn while learn eco-friendly programs.

## **9. ACTION PLAN**

### **Step 1. Understand your energy use.**

Identify the major areas of energy consumption. Check the condition and operation of equipment and monitor the power consumption over one week to obtain a base figure against which energy improvements can be measured.

### **Step 2. Identify your opportunities.**

Compile an energy checklist. Walk round you are building and complete the checklist at different times of day and night to identify where energy savings can be made.

### **Step 3. Prioritize your actions.**

Draw up an action plan detailing a schedule of improvements that need to be made and when, along with whom will be responsible for them.

### **Step 4. Seek specialist help.**

It may be possible to implement some energy saving measures in-house, but others may require specialist help. Discuss the more complex or expensive options with a qualified technician.

### **Step 5. Make the changes and measure the savings.**

Implement your energy saving actions and measure against original consumption figures. This will

assist future management decisions regarding your energy priorities.

### **Step 6. Continue managing your business for energy efficiency.**

Enforce policies, systems, and procedures to ensure that your business operates efficiently.

## 10.ELECTRICAL SAFETY ASSESSMENT

### 10.1 Management abstract

**Reference Regulation:** Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2010 along with amendments till date.

The electrical safety assessment carried out in the premises of P.R. Pote Patil College of Engineering & Management; Amravati (referred as PRPCEM hereafter) referred the above CEA regulations. The detailed observations have been noted on the entire electrical installation from incoming MSDDL (referred as supply-side hereafter) supply to use of electricity for various applications spread over the campus of PRPCEM. The salient observations and the compliance status thereof are as under. Full details of the major and minor observations have been annexed to this audit report.

Regulation	Applicable Aspects	Compliance Required	Post Audit Compliance Remark
<b>Incoming Supply Installation</b>			<b>Red- Non-compliance, Blue- Compliance</b>
12	General safety requirements, pertaining to construction, installation, protection, operation and maintenance of electric supply lines apparatus	All electric supply lines and apparatus shall be of 1.sufficient rating for power, 2.insulation and 3.estimated fault current and 4.sufficient mechanical strength, for the duty cycle which they may be required to perform under the environmental conditions of installation, and shall be constructed, installed, protected, worked, and maintained in such a manner as to ensure safety of human beings, animals, and property.	
13	Service lines and apparatus on consumer's premises	1. 2. Secured and intact service line 3. Supply side Apparatus earthed	1. Service line fit. 2. Supply-side Apparatus is properly earthed.
14	Supply-side Switchgear	1. Intact	1. Supply-side switchgear proper
15	Identification on earthed conductor	1. Clearly distinguishable identification of earthed conductors.	1. Earthed conductors on supply-side are not properly identified.
16	Earthed terminal on consumer's premises	2. Good supply-side earthing. 3. Good Consumer earthing.	1. 2 Nos. of DG set earthings are found weak.
17	Accessibility of bare conductors	1. Never accessible.	1. Supply-side proper.
18	Danger Notice	1. Must	1. Not in place at MDP.
27	Fire extinguishing apparatus	1. Good condition and easy access.	1. All fire extinguishers are found expired.

28	Display of instructions for resuscitation of persons suffering from electric shock	1. Clear and legible.	1. Not available.
29	Precautions to be adopted.	Record of 1. Preventive maintenance. 2. Breakdown maintenance 3. Safety training	1. No proper record. 2. No record. 3. No record.
31	Testing of consumer's installation	Record of safety audit	No past record.
<b>Consumer's Premises</b>			
33	Precautions against leakage before connection	1. All equipment having supply voltage less than 650V AC shall have minimum 1 Mega Ohm insulation resistance when 500 V DC is applied between live and earth for 1 minute. 2. All equipment having 650V > supply voltage < 33 kV AC shall have minimum 5 Mega Ohm insulation resistance when 2.5 kV V DC is applied between live and earth for 1 minute.	1. Insulation resistance value is more than 30 Mega Ohms for all equipment. 2. Insulation resistance value is more than 100 Mega Ohms for all equipment.
35	Supply requirements	Main Circuit breaker and other sub circuit breakers with appropriate ratings and conditions.	At some places the breaker ratings are not appropriate, and instead of MCB, isolators are used as a DB main that can't break the circuit in the event of short circuit or overload.
36	Provisions for supply and use of electricity in multi-storied building more than 15 meters in height	1. Mains 3 phase Isolator at incoming supply 1.7 m above ground. 2. Internal circuits should be safe. 3. Safe laying of cable ducts.	1. Mains 3 phase isolator in place. 2. Internal circuits have some issues of safety. 3. Cable ducts have been laid safely.
37	Conditions applicable to installations of voltage exceeding 250 Volts	1. Conductors properly secured and insulated. 2. Metallic non-conducting parts are earthed. 3. Switchboard clearances front and back.	1. Loose conductors need securing. 2. Earthing is not provided for non-conducting metal parts. 3. Switchboard clearances appropriate.
40	Test for resistance of insulation	Record of insulation resistance test	Insulation resistance at randomly sampled points along the wiring is found with sufficiently high values.

41	Connection with earth	<p>1. Neutral conductor of 3 Phase 4 wire system should be earthed with two separate and distinct connections.</p> <p>2. Earth connection at all the outlets, Earthing health status.</p>	Earthing connections at a few outlets need to be reconditioned.
42	Earth leakage protective device	Use of ELCB	Not used.

We celebrate Women' day every year throughout the country on 8th March. International Women's Day is an occasion to celebrate the progress made towards achieving gender equality and women's empowerment but also to critically reflect on those accomplishments and strive for a greater momentum towards gender equality worldwide. It is a day to recognize the extraordinary acts of women and to stand together, as a united force, to advance gender equality around the world.

A celebration conducted at our department by our students on 8th March - 2021. The whole function was planned by Prof.M.A.Rehman faculty co - coordinators (FORCE). We decided that, the progress made towards achieving gender equality and women's empowerment.

We celebrate Teachers' day every year throughout the country on 7th September. Students express their gratitude and appreciation for their teachers on this day. This day is dedicated to Dr. Sarvepalli Radhakrishnan – second President of India. The great academic philosopher, and one of the most well-known diplomats, scholar, president of India and above all a teacher. As a tribute to this great teacher, his birthday has been observed as teachers' day.

A celebration conducted at our department by our students on 7th September-2020. The whole function was planned by Prof. M.A. Rehman faculty co-coordinators (FORCE). We decided that, the responsibility of teaching is taken up by the students as an appreciation for their teachers.

## P. R. Pote Patil College of Engineering And Management Amravati

### National Service Scheme (N.S.S.)

#### International Yoga Day

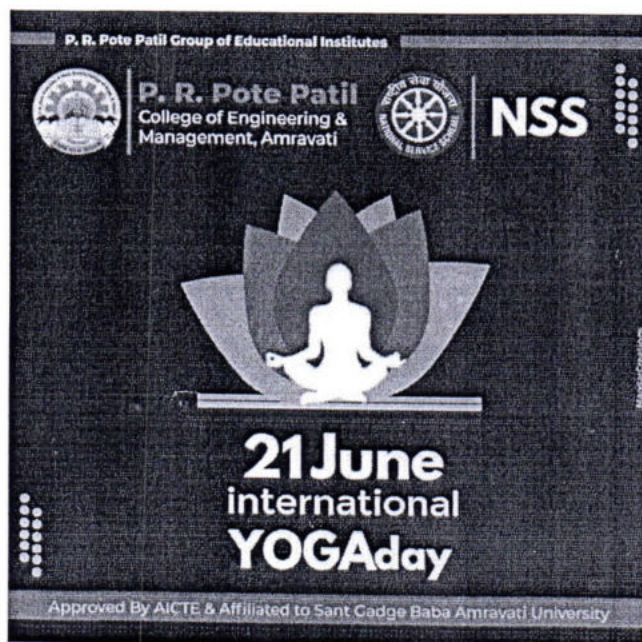

This year the Yoga day celebrations were held at P. R. Pote Patil College of Engineering & Management Amravati on 2021 June 21. The session was held in our Library. Faculty member from various departments took part in the celebration. The inaugural speech was given by the NSS Programme officer Prof. Shridhar S. Mendhe who emphasized the importance of Yoga and physical exercises in daily life.

A group of Faculty who were yoga students performed several asanas. They also performed standing and sitting asanas. One could understand by watching their performance that they have been practising yoga for the last few years.

The NSS Volunteers and student celebrates International Yoga Day in their respective home due to Covid-19 Pandemic

Some of the seniors even did some of the tough asanas. Our yoga teacher showed us some simple and beginner asanas which we did for about 150 minutes. The session was really organised. There were teachers all around us to help us in case we had trouble performing or understanding asanas. All the students participated eagerly.

Even our principal Dr. A. V. Kale & Vice Principal Dr. Mohd. Zuhair took active participation in yoga day celebrations. About its history, a century of origin, how it helped the common people. They even told us that yoga helps increase concentration. Yoga day was celebrated with great enthusiasm.

Raksha Kirde is presenting

## CONTRIBUTIONS AND ACHIEVEMENTS

- On a sea voyage to Europe in 1921, Raman curiously noticed the blue colour of the glaciers and Mediterranean. He was passionate to discover the reason of the blue colour.
- According to result, he established the scientific explanation for the blue colour of sea-water and sky. There is a captivating event that served as the inspiration for the discovery of the Raman Effect.
- During this, Raman detected some new lines in the spectrum which were later called 'Raman Lines'.
- After a decade of its discovery, the structure of about 2000 compounds was studied.
- Some of his other interests were the physiology of human vision, the optics of colloids and
- A few months later, Raman eput forward his discovery of 'Raman Effect' in a meeting of scientists at Bagalore on the electrical and magnetic anisotropy.
- March 16, 1928, for which he won the Noble Prize in Physics in 1930.

ENG 2/28

Date of Competition under EESA: 28/02/2021

The Power Point Presentation Competition was organized by the students of EESA at Intercollegiate level on dated 28th February 2021. The theme of the online Power Point Presentation competition based on **"National Science Day"**. Total number of entries collected were 22. We have drawn the 3 prizes for the competition & handover it to the 3 winners. All the students of department have took nice initiative during the competition. Overall program is smoothly conducted by the EESA Coordinators Prof.S.V.Kalmegh & Prof.A.P.Pundkar under the guidance of Head of Department Prof.D.A.Shahakar sir.

**4ETC09 – SIGNALS AND SYSTEMS - LAB****Course Requisite:**

4ETC04 Signals & Systems.

**Course Objectives:**

1. To use software to visualize analysis of Signals and System.
2. To manipulate the time signals and identify the type of given system.

**Course Outcomes:**

1. After successful completion of this course, students will be able to
2. Generate different plots and explore results to draw valid conclusions and inferences in Signal Processing.
3. Enable on how to approach for requirement of signal processing and system design using simulation tools.
4. Familiarize with the concepts of sampling.

**List of Experiments :**

Experiment No.	Aim of Experiment
Expt - 1	Study of Signal Processing Functions used in MATLAB/SCILAB.
Expt - 2	Program to generate standard continuous Time Signals.
Expt - 3	Program to generate standard discrete Time Signals.
Expt - 4	Program to perform basic operations on Signals.
Expt - 5	Program to find Even And Odd parts of a signal.
Expt - 6	Program to check Periodicity of signals.
Expt - 7	Program to find the Energy and Power of a Signal.
Expt - 8	Program to identify a given system as linear/ non-linear, time variance/ invariance property of a given system.
Expt - 9	Program to demonstrate the time domain sampling of band limited signals (Nyquist theorem).
Expt - 10	Program to find Fourier transform of given signal.
Expt - 11	Implement system equation using Simulink/Xcos to find output of system for different input signals.
Expt - 12	Find unit step response of system described by transfer function using Simulink/Xcos.

\* Minimum 08 experiments should be conducted out of above enlisted.

**4ETC05 – VALUES & ETHICS (HS)**

Max. Marks: 80

**Course Requisite:****Course Objectives:**

1. Development of a holistic perspective based on self-exploration about themselves (human being), family, society, and nature/existence.
2. Understanding (or developing clarity) of the harmony in the human being, family, society and nature/existence
3. Strengthening of self-reflection.
4. Development of commitment and courage to act.

**Course Outcomes:**

By the end of the course, students are expected to become more aware of themselves, and their surroundings (family, society, nature); they would become more responsible in life, and in handling problems with sustainable solutions, while keeping human relationships and human nature in mind. They would have better critical ability. They would also become sensitive to their commitment towards what they have understood (human values, human relationship, and human society). It is hoped that they would be able to apply what they have learnt to their own self in different day-to-day settings in real life, at least a beginning would be made in this direction.

	<b>Subject: Values &amp; Ethics</b>	<b>L</b>
<b>Unit-1</b>	<b>Course Introduction - Need, Basic Guidelines, Content and Process for Value Education</b> Purpose and motivation for the course, recapitulation from Universal Human Values-I, Self-Exploration-what is it? - Its content and process; 'Natural Acceptance' and Experiential Validations the process for self-exploration, Continuous Happiness and Prosperity- A look at basic Human Aspirations, Right understanding, Relationship and Physical Facility- the basic requirements for fulfilment of aspirations of every human being with their correct priority, Understanding Happiness and Prosperity correctly- A critical appraisal of the current scenario, Method to fulfil the above human aspirations: understanding and living in harmony at various levels.	<b>06</b>
<b>Unit-2</b>	<b>Understanding Harmony in the Human Being - Harmony in Myself</b> Understanding human being as a co-existence of the sentient 'I' and the material 'Body', Understanding the needs of Self ('I') and 'Body' - happiness and physical facility, Understanding the Body as an instrument of 'I' (I being the doer, seer and enjoyer), Understanding the characteristics and activities of 'I' and harmony in 'I', Understanding the harmony of I with the Body: Sanyam and Health; correct appraisal of Physical needs, meaning of Prosperity.	<b>06</b>
<b>Unit-3</b>	<b>Understanding Harmony in the Family and Society- Harmony in Human-Human Relationship</b> Understanding values in human-human relationship; meaning of Justice (nine universal values in relationships) and program for its fulfilment to ensure mutual happiness; Trust and Respect as the foundational values of relationship, Understanding the meaning of Trust; Difference between intention and competence, Understanding the meaning of Respect, Difference between respect and differentiation; the other salient values in relationship Incorporating Universal Human Values in Technical Education (An AICTE Initiative), Understanding the harmony in the society (society being an extension of family): Resolution, Prosperity, fearlessness (trust) and co-existence as comprehensive Human Goals.	<b>06</b>
<b>Unit-4</b>	<b>Understanding Harmony in the Nature and Existence - Whole existence as Coexistence</b> Understanding the harmony in the Nature, Interconnectedness, and mutual fulfilment among the four orders of nature- recyclability and self-regulation in nature, Understanding Existence as Co-existence of mutually interacting units in all-pervasive space, Holistic perception of harmony at all levels of existence.	<b>06</b>
<b>Unit-5</b>	<b>Implications of the above Holistic Understanding of Harmony on Professional Ethics</b> Natural acceptance of human values, Definitiveness of Ethical Human Conduct, Basis for Humanistic Education, Humanistic Constitution and Humanistic Universal Order, Competence in professional ethics: a) Ability to utilize the professional competence for augmenting universal human order b) Ability to identify the scope and characteristics of people friendly and eco-friendly production systems, c) Ability to identify and develop appropriate technologies and management patterns for above production systems.	<b>06</b>
<b>Unit-6</b>	Case studies of typical holistic technologies, management models and production systems, Strategy for transition from the present state to Universal Human Order: a) At the level of individual: as socially and ecologically responsible engineers, technologists and managers b) At the level of society: as mutually enriching institutions and organizations. (6 Hrs) Note: Include practice Exercises and Case Studies will be taken up in Practice (tutorial) Sessions eg. to discuss the conduct as an engineer or scientist etc.	<b>06</b>
	<b>Total</b>	<b>36</b>

## MBA/ 106 Business Ethics

Objective: To acquaint the students with ethical values and practices with emphasis on Indian Values and Culture

Unit I : Indian Management – Principles, Models & Theory of Karma, Theory and Practices of Holistic Management and its relevance

Unit II : Ethics – Meaning, Objectives and Sources of Ethics, Types of Business Ethics, Factors influencing Business Ethics, Ethics V/s Morals and Values

Unit III : Managing Ethics – Theories of Ethics, Ethical Dilemma, Codes of Ethics, Normative Ethics in Management, Need and Values of Ethics in Global Change Behavioral Aspects of Ethics and Values

Unit IV : Indian Values in Management – Secular and Spiritual Values, Science and Human Values, Lessons from Ancient Indian Educational System

Unit V : Stress Management –Stress eustress, distress, Indian Perspective of Stress Management, Reasons for stress at workplace, Coping with a stress

### Suggested Readings:

### **Detail Schedule for Parents Meeting (Induction Program)**

The Parent Teacher Meeting will conduct as per the following schedule –

- 1) Commencement of Induction Program with speech of Dr. A. V. Kale, Principal PRPCEM.
- 2) Felicitation of toppers (Year wise).
- 3) Speech by Dr. R. D. Ghongade HOD Dept. of EXTC.
- 4) Question answer session of the parents with Dr. A. V. Kale & Dr. R. D. Ghongade and other faculties and guest.
- 5) Guidance about Training and Placement activities by Dr. R. D. Ghongade and Prof. V. B. Langote
- 6) Vote of thanks.
- 7) Conclusion of meeting at 12:00 pm followed by tea and snacks for the parents.
- 8) Commencement of parent teacher meeting at the Department at 12 :30 pm
- 9) Collection of online feedback.
- 10) Analysis of the feedback forms for Department of Electronics and Telecommunication.

Request to final year Class Coordinators for parent meeting to prepare and make feedback analysis report of their Class.

**PARENT - TEACHER MEETING (INDUCTION PROGRAM) REPORT 2020-21**  
(First Year 1 Feb 2021)

Department of Electronics and Telecommunication organized Virtual 'Induction Program' for First Year Engineering Students on 1 Feb, 2021. The Program started online on Zoom platform the chief guest and other dignitaries Joined the virtual meeting at 12:15 pm. The meeting started with the welcome address of Principal, Dr. A. V. Kale. He briefed the gathering with a presentation on the general information about the institute, activities carried out at PRPCEM and some achievements of students/staff. The agenda of the meeting was to interact with the parents, update them about initiatives of the academy for the students and seek their involvement in educating their wards and awareness about upcoming opportunities in the future.

This Parent Teacher Meeting (Induction Program) in the current academic year was conducted for first year on February 01, 2021.

Twenty six parents were Present for the meet. The first parents meet for the academic year 2020-2021 was held in PRPCEM virtually on Zoom Platform, on the 01 February, 2021 from 12:30 pm. To 2:00 pm. The meeting started at 12:30 pm. Following the speech from principal, Dr. R. D. Ghongade -Head, ExTC dept. requested the parents for the interactive session/suggestions.

- To evaluate the progress of the students in this academic year, in the curricular as well as non-curricular activities.
- To remind about rules and regulations of PRPCEM.
- To inform the parents that, they too are responsible for the progress of their ward.

After the welcome speech, Prof. S. P. Bhonge introduced all the class teachers and the subject teachers and explained the importance of the meet and the key points to be discussed.

All the class teachers and the subject teachers of their respective division addressed the Parents. Following key points were discussed in the Meet:

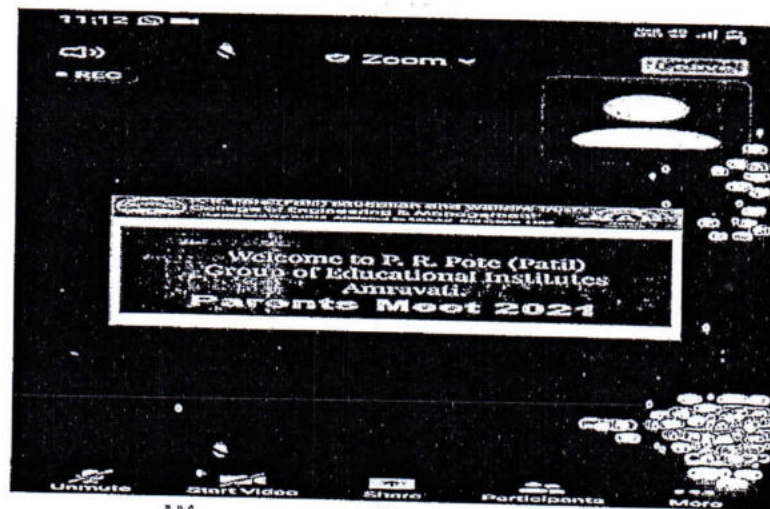

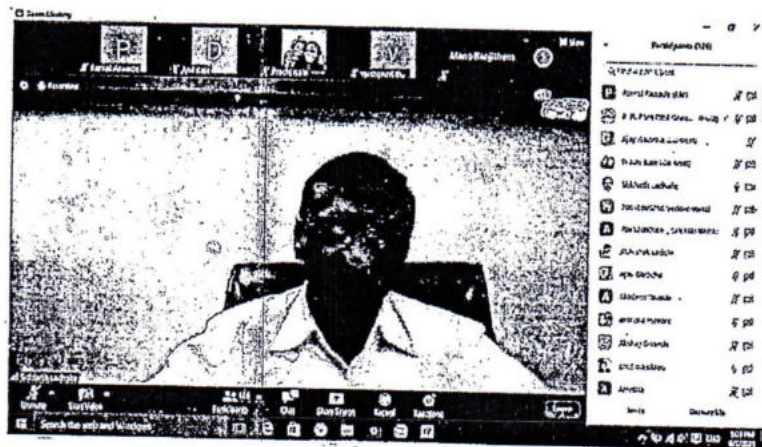

- Attendance of the students, Online and offline exam marks,

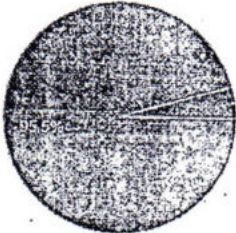

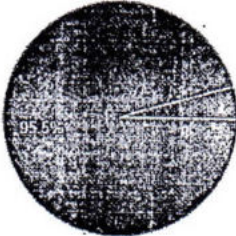

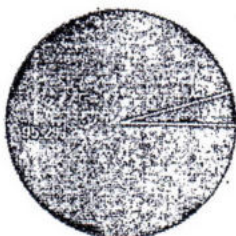

We received following suggestions from the parents.

- 1) Programmes for GATE, IES, MPSC and UPSC guidance
- 2) Internship Programme for the students
- 3) Online-Practical Training in industry due to COVID-19 pandemic situation
- 4) Proud moment for us that our ward is studying at PRPCEM
- 5) More projects and Industrial visits required virtually due to COVID-19 pandemic situation
- 6) Regarding to provide funds for mini projects.

## **Online Guest Lecture on Corona Awareness**

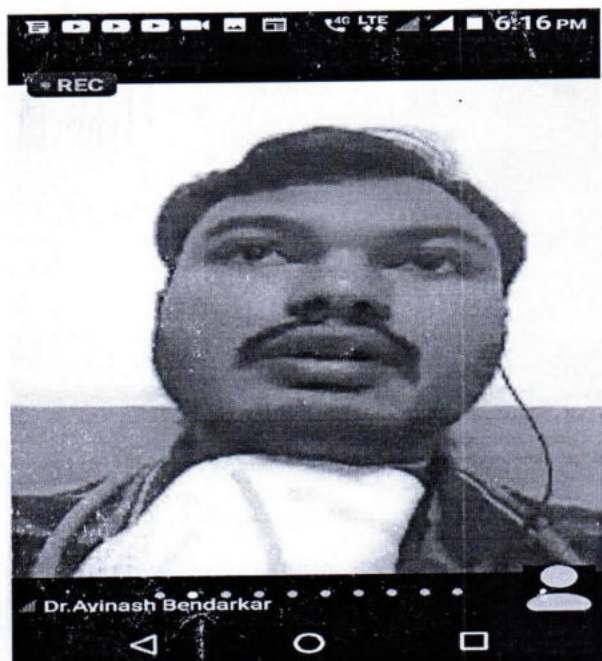

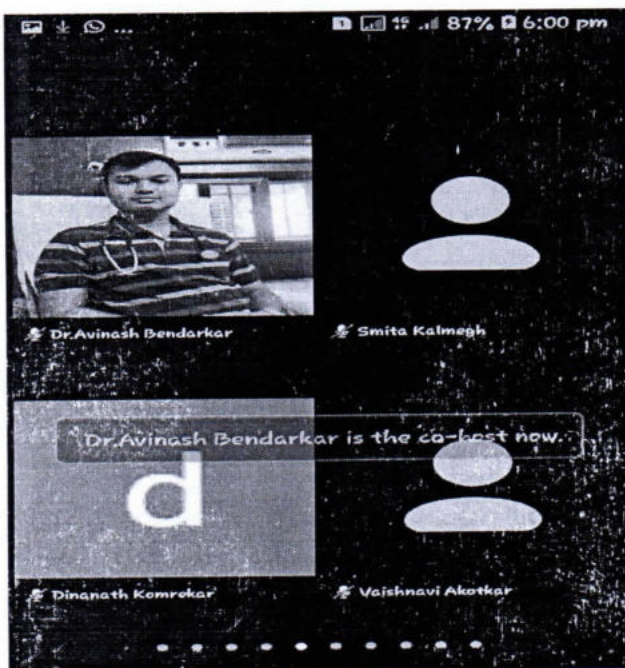

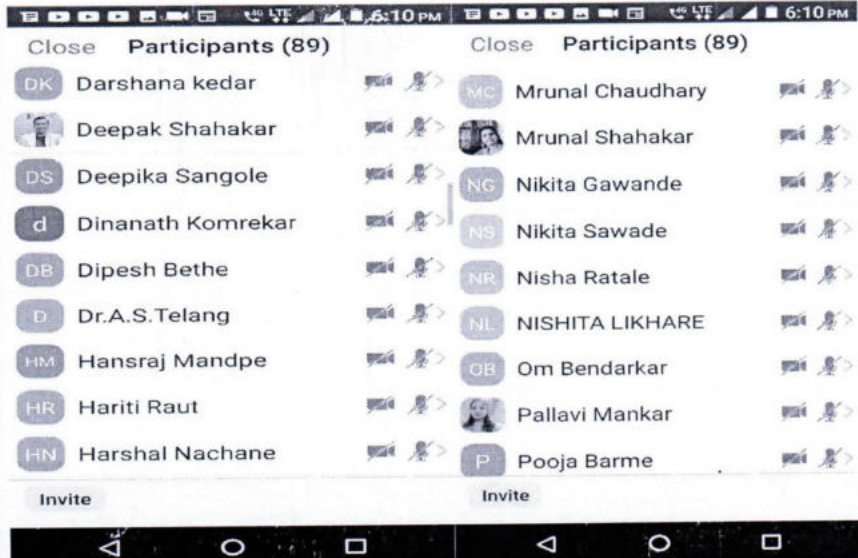

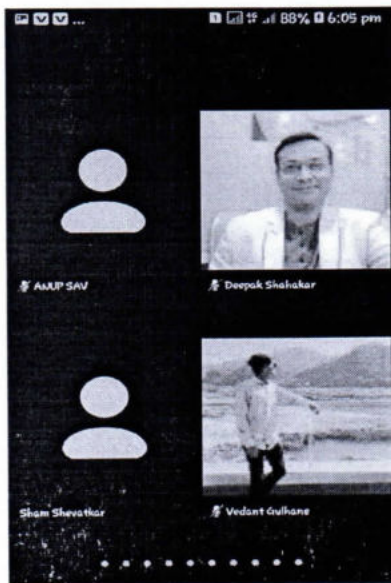

**29/04/2021**

In order to salute the dedication and sacrifice of Corona warriors an event was organized by EESA Committee on the topic "Sarve Santu Niramaya" on 29<sup>th</sup> April at 6:00 pm on Zoom meeting platform. There was special guidance by corona warrior Dr. Avinash G. Bendarkar, B.A.M.S. (Maharashtra University of Health Sciences Nashik). After his guidance about corona virus, vaccination & precautions students also expressed their views followed by HOD sir. A short video clip was present to pay tribute to Corona warriors.

After the successful conduction of event EESA members were appreciated by everyone. However, continuous guidance and inspiration by Prof. D.A. Shahakar sir, HOD, EE department PRPCEM plays vital role. In this way this program was successfully conducted under the guidance of EESA Faculty Coordinators Prof. A. P. Pundkar and Prof. S. V. Kalmegh.

## Tree Plantation during Covid-19 Pandemic at Students Villages- 09/07/2020

The NSS cell of P.R. Pote(Patil) College of Engineering & Management Amravati create a lot of awareness on the importance of tree plantation in surroundings areas. In addition to this, tree plantation programs are conducted in different villages during corona & lockdown. Students are staying home during lockdown, during this period NSS Cell organized Tree Planation program at native place with social distancing. So far, approximately 150 saplings have been planted to the students, faculty members in their own village. The huge response from all NSS volunteers during plantation.

### **Tie 'Rakhi' to Trees, Take Pledge to Protect Them-03/08/2020**

No guesses here. Students of P. R. Pote(Patil) College of Engineering & Management Amravati celebrated Raksha Bandhan in a unique style when they tied rakhis to trees to send across the message of saving environment and making people aware about the benefits of plants in daily lives. Organised by the National Service Scheme the event was held in the NSS Volunteers Native Places due to Covid-19 & Lockdown. The participants tied sacred threads to plants having heritage, medicinal and aesthetic value. They included tulsi, temple tree (plumeria), camphor, paarijaat, chandan, panchmikhri rudraaksh, timbru, mahua, putranjiva, peepal, sohanjana, chandani and many more. More than 60 students, research scholars and faculty members participated. "They expressed their affection and harmony towards nature, and took pledge to protect and conserve the nature and its resources for cleaner, greener and healthier prospects," said Dr. S.A. Ladhake Director, PRPGI Amravati

### **FREDOM-FEST 2020 Poster making, Article & Poem Competition- 15/08/2020**

P. R. Pote(Patil) College of Engineering & Management always encourages student's participation in competition for their Creative development. The NSS unit of P.R. Pote(Patil) College of Engineering & Management organized poster making activity on 15<sup>th</sup> August, 2020 FREDOM-FEST 2020. The aim behind conducting this competition was to check the creative and artistic skills of the students. All the NSS membered assembled in the Online Google Meet for making the Planning.

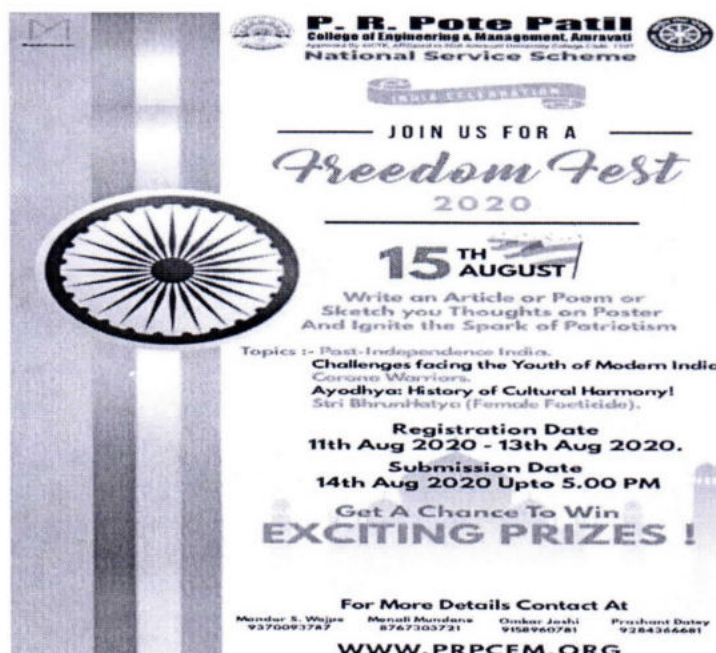

**The suggested themes of the competition were:**

- Corona Warrior
- Stree Brunahatya

The following students bagged the First, second and third position in the poster making competition.

1. Prajwal Deshmukh
2. Rutiksha Shevatkar
3. Amruta Gotarkar

The winners were awarded with the certificates & prizemoney.

The poster is for 'Freedom Fest 2020' organized by P. R. Pote Patil College of Engineering & Management, Amravati. It features the Indian National Flag (Tiranga) on the left and the Ashoka Chakra in the center. The text on the right includes the college name, NSS logo, and details of the competition. The competition is for an article, poem, or poster on the 15th of August. Topics include Post-Independence India, Challenges facing the Youth of Modern India, Corona Warriors, Ayodhya: History of Cultural Harmony, and Stree Bhurnhatya (Female Foeticide). Registration is from 11th Aug 2020 to 13th Aug 2020, and submission is on 14th Aug 2020 up to 5.00 PM. Prizes are exciting. Contact details for Mander S. Wejre, Manali Mundane, Onkar Joshi, and Prashant Datar are provided, along with the website WWW.PRPCEM.ORG.

### National Service Scheme (N.S.S.)

#### International Yoga Day

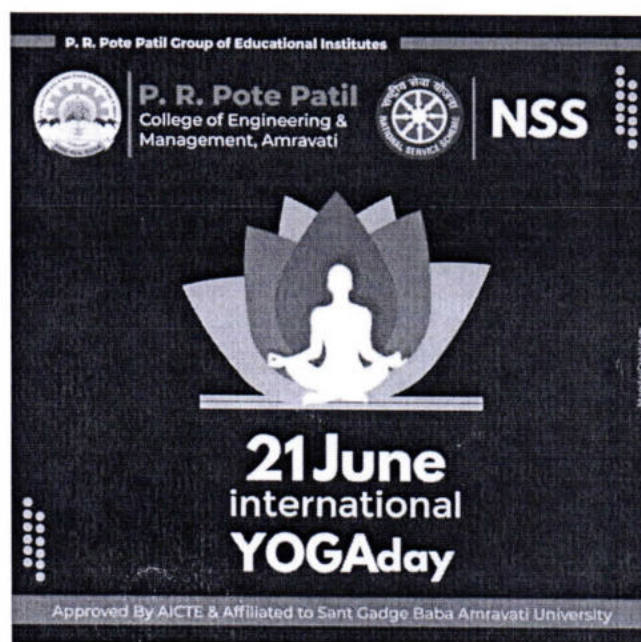

This year the Yoga day celebrations were held at P. R. Pote Patil College of Engineering & Management Amravati on 2021 June 21. The session was held in our Library. Faculty member from various departments took part in the celebration. The inaugural speech was given by the NSS Programme officer Prof. Shridhar S. Mendhe who emphasized the importance of Yoga and physical exercises in daily life.

A group of Faculty who were yoga students performed several asanas. They also performed standing and sitting asanas. One could understand by watching their performance that they have been practising yoga for the last few years.

The NSS Volunteers and student celebrates International Yoga Day in their respective home due to Covid-19 Pandemic

Some of the seniors even did some of the tough asanas. Our yoga teacher showed us some simple and beginner asanas which we did for about 150 minutes. The session was really organised. There were teachers all around us to help us in case we had trouble performing or understanding asanas. All the students participated eagerly.

Even our principal Dr. A. V. Kale & Vice Principal Dr. Mohd. Zuhair took active participation in yoga day celebrations. About its history, a century of origin, how it helped the common people. They even told us that yoga helps increase concentration. Yoga day was celebrated with great enthusiasm.

**Gajanan Maharaj Pragat Din**

*Dated 11<sup>th</sup> September 21*

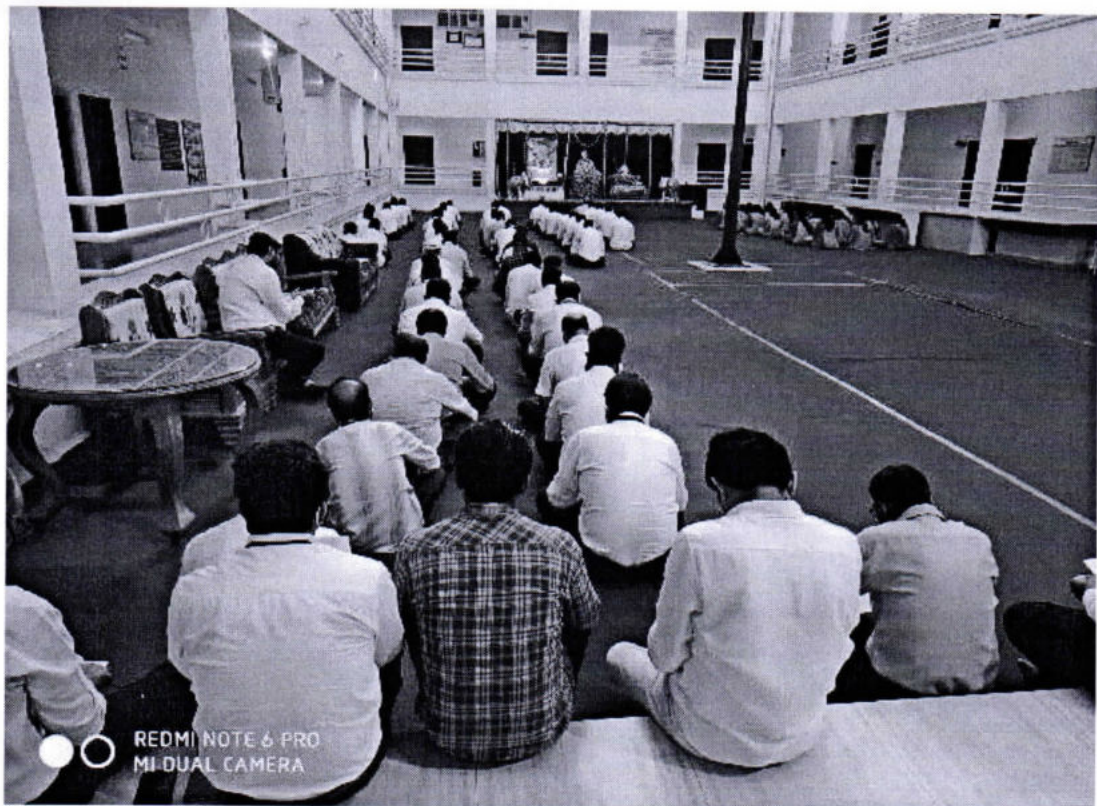

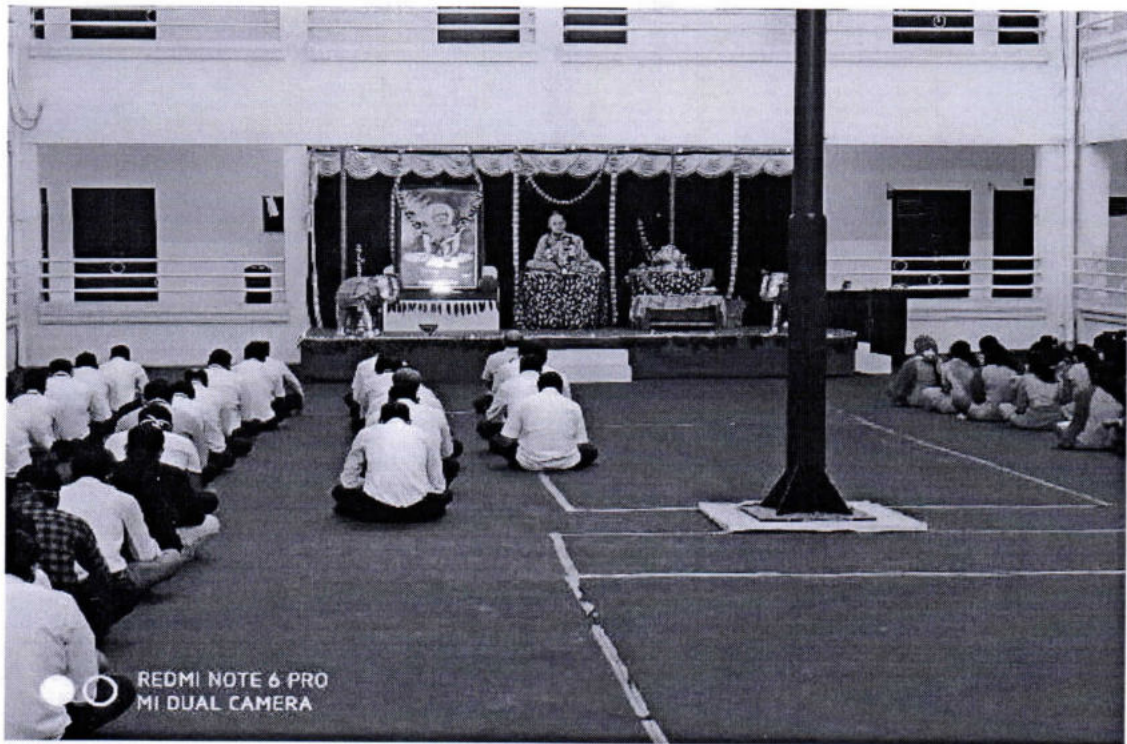

2020-2021

As a part of the culture and tradition of this Institute, this year also Gajanan Maharaj Pragat Din was celebrated dated 11<sup>th</sup> September 2021. All the Academic Deans, Head of the Departments, all the teaching and non teaching faculty members gathered in the main building for worshipping of Swami Gajanan Maharaj. The stotra pathan carried out in the main building premises created a holy, devotional and a peaceful atmosphere. The program took place in the presence of Hon' Dr. S. A. Ladhake, Director of the Institute and Hon Dr. A. V. Kale, Principal of PRPCEM.

12		Offer Letter Distribution Ceremony	77-78
13		List of Placement Opportunities (Companies visited)	79-81
14		Campus Placement : offers in 2020-2021	82-90

### 1. Title of the Practice

Upskilling students during covid pandemic for employment

### 2. Objectives of the Practice

#### Objectives

- # to build the confidence level and overall personality development of the students for the upcoming campus drives
- # Improve the communication skills of the students from rural background
- # To acquire company specific skills
- # Analyze the students on the basis of existing skills
- # improve aptitude, reasoning and English communication skills
- # Guide students on various fronts for specific companies
- # to improve technical skills required by the company

#### Underlying principles or concepts

- # helps students from rural background for placement
- # introduced Core Branch students to various job roles in software companies because of slowdown in core industries
- # To improve the count of selection

### 3. The Context

The first and foremost challenge was identifying students who were not good in communication and technical skills. Because of lockdown and government rules and regulations students were at home. It was quite challenging to understand their persona. Network issues to get connected with students from rural places. There were many hindrances to understand their favorite work domain/profile.

### 4. The practice

We have in-house finishing school to train the students. To train the students through in-house trainers is one of the unique practices instead to hire third party training agencies. In the engineering first year we cannot start the training because they are quiet busy in their academics, this is one of the limitation. Students are raw in engineering second year, we focused more on communication skills and understanding of different domains and profiles.

### 5. Evidence of Success

- # Selection ratio of candidates got increased
- # Performance of students in aptitude, reasoning and in interview was improved.
- # Capgemini campus drive example is best suited for this. Last year the test pattern of capgemini was completely changed. Our trainer took rigorous practice sessions on game-based-aptitude and the result was amazing.
- # This year for Batch 2022, in TCS campus drive we have received overwhelming shortlisting from all engineering branches. Around 95 students were shortlisted.
- # In 2020-221 batch, the campus has obtained best placement I vidarbha region of Maharashtra.

**6. Problems encountered and Resources Required**

- # Because of virtual hiring process it was quite difficult to keep a tab/watch on students all the time.
- # for online test students were facing problems because of internet connectivity, poor network
- # for regular conduction of meeting with students and parents online meeting platform was needed
- # Observation of the online test was quite difficult.
- # Students those who didn't have laptops/desktops were facing many problems to do hands-on practice.
- # Our campus drive registration portal, whatsapp and mails plays a very vital role in smooth conduction

## List of webinars conducted in the pandemic: Academic Year 2020-2021

Webinar : 01

Resource Person : Mr. Suyesh Sabnani , Chief human resource officer, Systematix Infotech Pvt. Ltd.

Topics covered : Expectation of industry from fresher, basic interview skills, how to be job industry ready and future challenges.

Date : 2<sup>nd</sup> May 2020

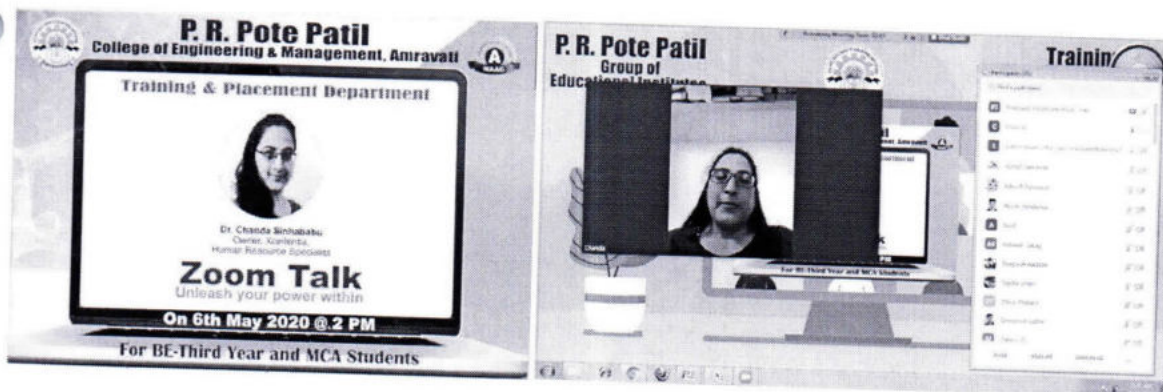

Webinar : 02

Resource Person : Mrs. Chanda Sinhababu, owner, Xcellentia

Topics covered : Unleash your power within

Date : 6<sup>th</sup> May 2020

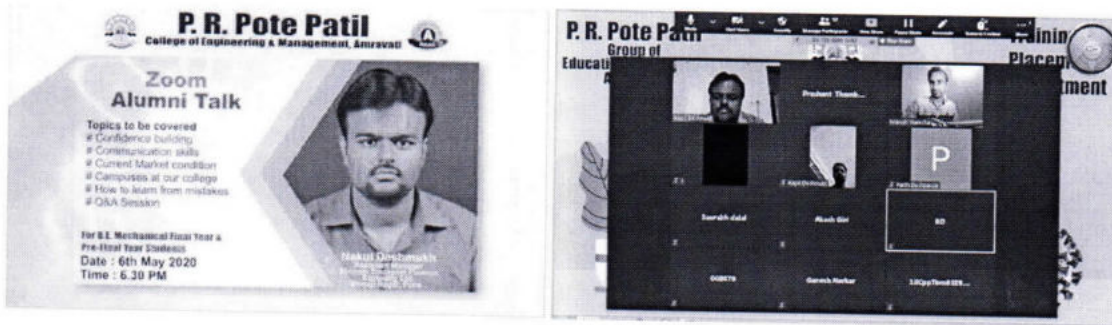

**Webinar : 03**

**Resource Person :** Mr. Nakul Deshmukh, Alumni, Asst. Manager, Shriram Transport Finance

**Topics covered :** Confidence building and how to learn from mistakes

**Date :** 6<sup>th</sup> May 2020

**Webinar : 04**

**Resource Person :** Mr. Pradip Shukla

**Topics covered :** Journey to Salesforce

**Date :** 6<sup>th</sup> May 2020

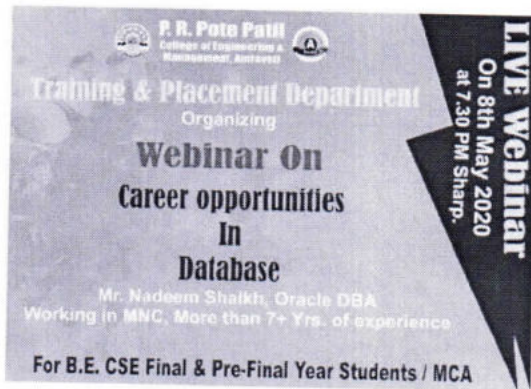

**Webinar : 05**

**Resource Person :** Mr. Nadeem Shaikh, Oracle DBA

**Topics covered :** Career Opportunities in Database

**Date :** 8<sup>th</sup> May 2020

**Webinar : 06**

**Resource Person :** Mr. Nikhil Kakade, Alumni Batch 2012

**Topics covered :** React JS

**Date :** 14<sup>th</sup> May 2020

**Webinar : 07**

**Resource Person : Mr. Pratik Bohare, Sr. HR Webduniya**

**Topics covered : React JS**

**Date : 9<sup>th</sup> May 2020**

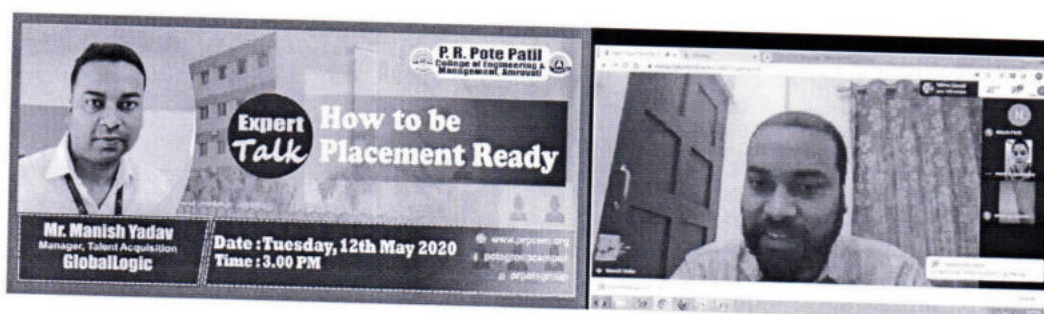

**Webinar : 08**

**Resource Person : Mr. Manish Yadav, Global Logic**

**Topics covered : How to be placement Ready**

**Date : 12<sup>th</sup> May 2020**

Webinar : 09

Resource Person : Ms. Kinjal Shah

Topics covered : Learning Attitude at Workplace

Date : 15<sup>th</sup> May 2020

Webinar : 10

Resource Person : Mr. Manav Prasad, HR Head, Tavisca Solutions Pvt. Ltd.

Topics covered : Expect

Date : 16<sup>th</sup> May 2020

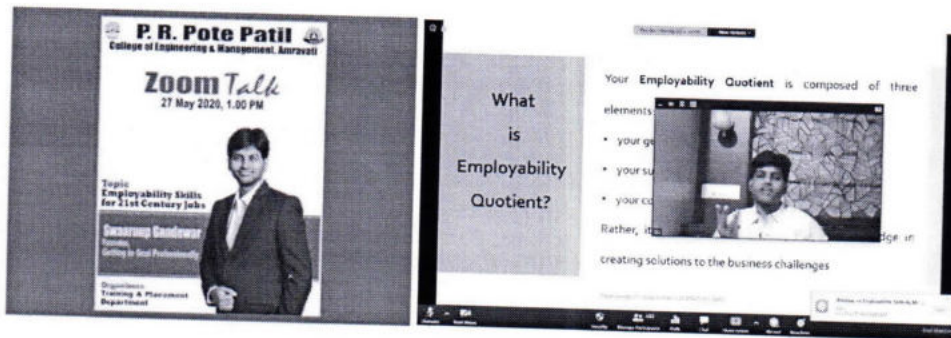

Webinar : 11

Resource Person : Swaroop Gadewar

Topics covered : Employability skills for 21<sup>st</sup> Century Jobs

Date : 27<sup>th</sup> May 2020

Webinar : 12

Resource Person : Sudhir Mateti, HR Head, Syntel Telecom

Topics covered : The success Mantra

Date : 28<sup>th</sup> May 2020

Webinar : 13

Resource Person : Mr. Vinay Chawala, Motivator and Facilitator

Topics covered : Being optimistic and Productive during lockdown

Date : 28<sup>th</sup> May 2020

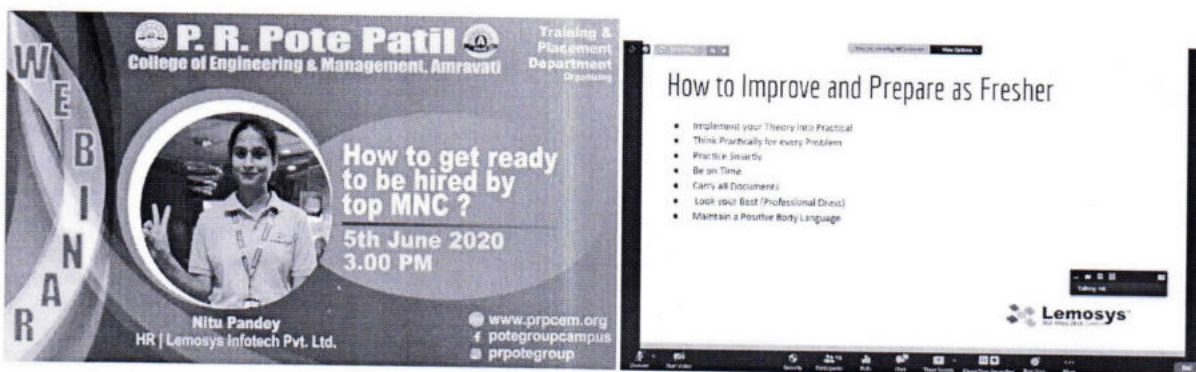

Webinar : 14

Resource Person : Ms. Nitu Pandey, HR, Lemosys Infotech Pvt. Ltd.

Topics covered : How to get ready to be hired by top MNC ?

Date : 5<sup>th</sup> June 2020

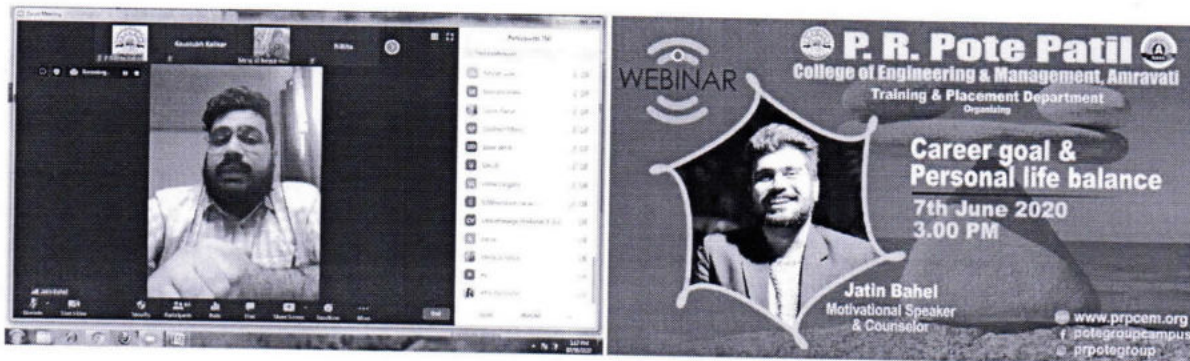

Webinar : 15

Resource Person : Mr. Jatin Bahel, Motivational Speaker & Counselor

Topics covered : Career Goal & Personal Life balance

Date : 7<sup>th</sup> June 2020

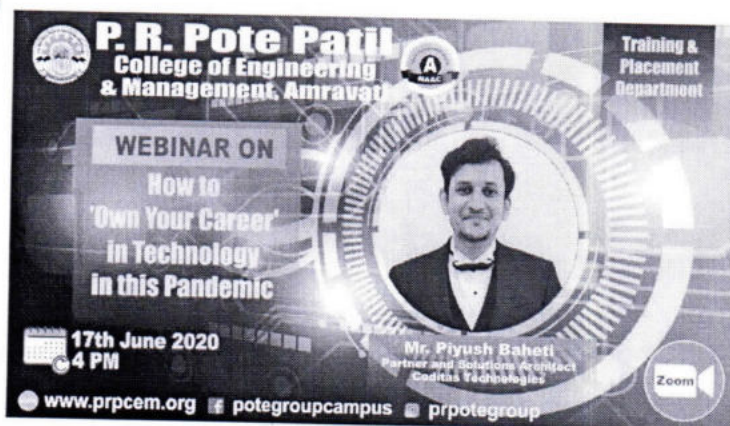

Webinar : 16

Resource Person : Mr. Piyush Baheti, Partner and Solutions Architect, Coditas Technologies

Topics covered : How to own your career in technology in this pandemic.

Date : 17<sup>th</sup> June 2020

Webinar : 17

Resource Person : Mr. Keron Vaishnav, Founder Director, EduKerron International

Topics covered : Rethinking skills in global employability & Enterprenuership

Date : 18<sup>th</sup> June 2020

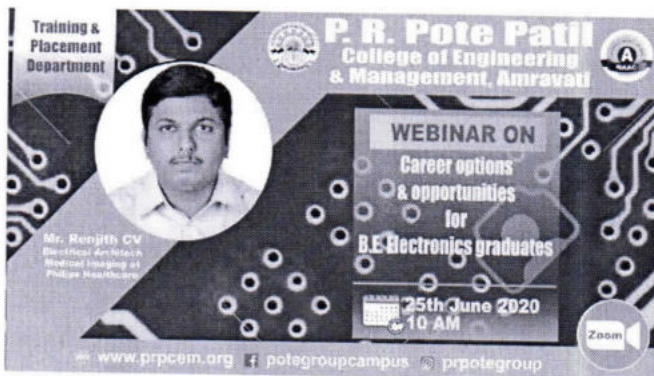

Webinar : 18

Resource Person : Mr. Rajith CV, Electrical Architect, Philips Healthcare

Topics covered : Rethinking skills in global employability & Entrepreneurship

Date : 25<sup>th</sup> June 2020

# Training & Placement Department

## Action Plan

For Month August and September 2020

Sn	Particulars	Remark/Action
1	Capgemini virtual campus drive for CS/IT/EXTC/MCA students	Inceptive process done on 29 <sup>th</sup> Aug. 2020. Shortlisted candidate's interview will be schedule in next month.
2	Xento Sytem, Pune for CS/IT/MCA	Details syllabus and study links shared with registered students. Drive schedule in October 2020
3	Hexaware Technologies for CS/IT/EXTC/EE	Registration done by students, online assessment date postpone.
4	Bajaj Electricals, Pune for Batch 2020 (EE/MECH)	Total 16 students got selected and some students joined the company on 29 <sup>th</sup> Aug. 2020.  This company will visit our campus after Final year examination.
5	PIE Infocom for All branches	Schedule in the month of Sept. 2020
6	SAAMA Technologies for Batch 2020 Drive (CS/IT/EXTC/MCA)	Registration Link shared with students
7	Walkover Technologies, Indore for Batch 2020 and 2021	Registration link shared with students
8	a'XYKno Technologies, Nagpur for Internship Batch 2021	Registration taken from students and data shared with company. Further process will be taken soon.
9	MobileFirst Application Pvt. Ltd. For Internship Batch 2021	Registration done and data shared with company
10	Wipro Hiring Batch 2020	Registration Link shared with students
11	Paypal Campus Hiring for Batch 2021	Registration Link shared with students
12	T&P Team contacting companies through mails and linkedIn	
13	Generating connections with company HR on linkedIn	
14	Follow up from frequent visited companies for Placement this year	
15	Training – Company Specific training for capgemini conducted.	
16	Huawei HCIA-AI TTT Session for faculties	Dr. Ajay Gadicha and Prof. Bhushan Mankar completed the online training from 17 <sup>th</sup> Aug. 2020 to 22 <sup>nd</sup> Aug. 2020 After the examination and certified they will train the students.
17	ERP module for T&P Dept.	Training done. We have given some suggestions to simplify the process to conduct online test.

18	Training of 2 <sup>nd</sup> , 3 <sup>rd</sup> and Final year students	With effect from 18 <sup>th</sup> Aug. 2020 training and test is continuously going on.
19	Interaction with 2 <sup>nd</sup> and 3 <sup>rd</sup> students from 31 <sup>st</sup> August 2020	In the T&P training time table we have schedule the interaction to make students aware about technical preparation for companies.
20	Training of Hexaware for Final 2021 Batch Students	From Monday, 31 <sup>st</sup> August 2020

## Training & Placement Department

### Action Plan (Academic Year 2020)

#### Review and Status of Activities according to the previous report

Sn	Particulars	Remark/Action	Status
1	Capgemini virtual campus drive for CS/IT/EXTC/MCA students	Inceptive process done on 29 <sup>th</sup> Aug. 2020. Shortlisted candidate's interview will be schedule in next month.	Total 17 students were shortlisted for interviews. Out of which 13 students (09 from CSE and 04 from Electrical) selected
2	Xento Sytem, Pune for CS/IT/MCA	Details syllabus and study links shared with registered students. Drive schedule in October 2020	Both the installments of syllabus shared by the company shared with students. One project based test conducted.  As per the mail from company we have suggested the dates of campus drive.
3	Hexaware Technologies for CS/IT/EXTC/EE	Registration done by students, online assessment date postpone.	Till now there is no update for further process from company.
4	Bajaj Electricals, Pune for Batch 2020 (EE/MECH)	Total 16 students got selected and some students joined the company on 29 <sup>th</sup> Aug. 2020.	We have also conducted campus drive for 2019/2018/2017 students.

		This company will visit our campus after Final year examination.	Interviews were done on telephone.
5	PIE Infocom for All branches	Schedule in the month of Sept. 2020	Because of university examination still it is on hold.
6	SAAMA Technologies for Batch 2020 Drive (CS/IT/EXTC/MCA)	Registration Link shared with students	Campus drive process completed. Student from CSE, 2020 Ms. Nisharani Gundeti selected.
7	Walkover Technologies, Indore for Batch 2020 and 2021	Registration link shared with students	Students were registered.
8	a'XYKno Technologies, Nagpur for Internship Batch 2021	Registration taken from students and data shared with company. Further process will be taken soon.	Further process is on hold from company side
9	MobileFirst Application Pvt. Ltd. For Internship Batch 2021	Registration done and data shared with company	Further process is on hold from company side
10	Wipro Hiring Batch 2020	Registration Link shared with students	Registration Done
11	Paypal Campus Hiring for Batch 2021	Registration Link shared with students	Registration done by the students.
12	T&P Team contacting companies through mails and linkedIn		Continuous calling is going on & linkedIn connections are also building are getting good response.
13	Generating connections with company HR on linkedIn		
14	Follow up from frequent visited companies for Placement this year		
15	Training – Company Specific training for capgemini conducted.		
16	Huawei HCIA-AI TTT Session for faculties	Dr. Ajay Gadicha and Prof. Bhushan Mankar completed the online training from 17 <sup>th</sup> Aug. 2020 to 22 <sup>nd</sup> Aug. 2020 After the examination and certified they will train the students.	Both the professors passed the examination. Another online examination is pending. In this week they will appear for the examination.
17	ERP module for T&P Dept.	Training done. We have given some suggestions to simplify the process to conduct online test.	We have suggested some changes in ERP online test module for proper functioning of test.
18	Training of 2 <sup>nd</sup> , 3 <sup>rd</sup> and Final year students	With effect from 18 <sup>th</sup> Aug. 2020 training and test is continuously going on.	Training is going on 2 <sup>nd</sup> , 3 <sup>rd</sup> and Final year students.
19	Training of Hexaware for Final 2021 Batch Students	From Monday, 31 <sup>st</sup> August 2020	Training done for final year.

sakshi sherekar		satvik deshमुख	tejas dhande
rutik kurhade		prajwal lambade	apeksha bendekar
shital wasade			prajawal lende
namrata lanjewar			harshal nachane

### My Recommendation

As per my opinion number of Lecture should get increased ( at least continuous 2 lecture each per sections) so that Gap in lecture will get reduce... and there will be flow and consistency in the study of the student.

### Study Material Summary

I have prepared my own notes taking reference through R. S. Aagrwal , Arun sharma and refer some sites like exam Veda, india.bix , test pot.com. 12 topic are ready out of 14 and working progress on two topics. Approx 36 class test as well as 85 lectures have conducted on 2<sup>nd</sup> year.

## Verbal English Training Sessions Report

### Conducted by Prof. Sagar Sonkhaskar

#### Test Details:

To start the training of Second Year Students, T&P Department decided to start with tests on basic syllabus just to give basic information. Tests had been conducted on 19/01/2021 to 21/01/2021. Students have been categorized as shown below.

Date	Test Topic	No. of Students Present	Branch	Above 70%	50%-70%	Below 50%
19/01/2021	Practice Test (Basic Grammar)	41	CSE C + EXTC	20	15	6
20/01/2021	Practice Test (Basic Grammar)	47	CSE A +CSE B	22	16	9
21/01/2021	Practice Test (Basic Grammar)	42	EE+Civil+Mech	21	14	7
09/03/2021	Practice Test	92	All Branches	63	12	17
11/03/2021	Practice Test	88	All Branches	65	15	8
13/03/2021	Practice Test	78	All Branches	58	10	10
16/03/2021	Practice Test	66	All Branches	47	10	9

Following Students have been identified from Second Year with good Scores.

Students Name	Branch

### **Training For First Year Students**

One week Training for First Year Engineering Students was conducted from 22/02/2021 to 26/02/2021. I was given an responsibility to conduct activities with them just to make them comfortable and build their confidence. Many activities like Extempore, Instant speaking on any word, sentence making from verbs were conducted and the response was good. More than 250 students attended the training Every day. I have mentioned name of some of the students who participated actively.

## MCA

Lectures on Final year Pharmacy and First Year MCA were conducted. Basic knowledge about Placement activities have been given to students. Many activities like Extempore, Group Discussion, and Questions on Para jumble and basic grammar were covered in the

lectures. Interview preparation had started with Final year Pharmacy students from last week. Some good performers have been mentioned below.

Students Name	Branch
Akash Verma	MCA
Vikram Chavan	MCA
Vaishnavi Mahalle	MCA
Priti Khodankar	MCA
Revati Thakare	MCA
Anshika Shukla	MCA
Mayur Kadu	MCA
Shailesh Badre	MCA

### **Group Discussion Competition**

Group Discussion Competition Was held for Third Year Students (2022 batch Passed out ) from 05/05/2021 to 13/05/2021. 5-6 students from each class were shortlisted for the competition and made compete with other branch students. Response was really good from all branches and more competitions like these have been demanded by students in new session. Its planning will be done soon. Top 15 students including all branches were shortlisted. The list is given below.

### **GD Competition Finalist:**

Sr.No	Student Name	Branch
1	Abhijeet Shahane	CSE-C
2	Palak Jaiswal	EE-B
3	Kartik Mishra	EE-C
4	Shweta Gaikwad	EXTC
5	Sagar Aware	EE-C
6	Ujwal Bhagat	CSE-A
7	Rupali Rathi	CSE-A
8	Ankush Nikalje	Mechanical
9	Nishigandha Dhanorkar	CSE-B
10	Riddhi Jajoo	CSE-A
11	Ashutosh Deshmukh	Civil -A
12	Sumit taywade	Mechanical
13	Pritesh Ghayar	CSE-B
14	Pooja Dhanvijay	Mechanical
15	Anjali Warkad	EE-B

Many Activities on Extempore, Group Discussion, Group interviews, Personal Interviews were conducted with third year students. Videos on above mentioned topics and other important topics which are useful for personality development have been shared with students through communication skill Subject of third year. Links have been shared below.

#### Recommendations for Improvement in Training:

- 1) Training slots should be increased for more practice.
- 2) Students enjoy competitions than continuous practice. So Competition among branches should be taken on regular interval for more output.

## Department of Electrical Engineering Activities Conducted by the Department

Training(Quantitative Aptitude)							
Department of Electrical Engineering							
Sn	Trainer	Year	Branch	Particulars	Date	Time	Count
1	Y. D. Kadu	Final year	EEE, Extc	Grid Challenge, (Capgemini)	18/08/2020	3:00 - 4:00	49
2	Y. D. Kadu	Final year	EEE, Extc	Digit challenge(Capgemini)	19/08/2020	3:00 - 4:00	68
3	Y. D. Kadu	Final year	EEE, Extc	shortest path, Digit challenge(Capgemini)	25/08/2020	3:00 - 4:00	38
4	Y. D. Kadu	Final year	EEE, Extc	Time speed and distance	03/09/2020	2:00 - 3:00	28
5	Y. D. Kadu	Final year	Ee, Extc	Hexaware/Paypal	10/09/2020	2:00 - 3:00	36

6	Y. D. Kadu	Final year	Ee, Extc	Hexaware/Paypal	11/09/2020	2:00 - 3:00	32
7	Y. D. Kadu	Final year	Ee, Extc	Hexaware/Paypal	12/09/2020	2:00 - 3:00	29
8	Y. D. Kadu	Final year	Ee, Extc	tcs	18/09/2020	2:00 - 3:00	45
9	Y. D. Kadu	Final year	Ee, Extc	tcs	19/09/2020	2:00 - 3:00	43
10	Y. D. Kadu	Final year	all branch	test	21/09/2020	7-7.30	75
11	Y. D. Kadu	Final year	Ee, Extc	tcs	24/09/2020	2:00 - 3:00	32
12	Y. D. Kadu	Final year	Ee, Extc	tcs	25/09/2020	2:00 - 3:00	27
13	Y. D. Kadu	Final year	Ee, Extc	tcs	26/09/2020	2:00 - 3:00	27
14	Y. D. Kadu	Final year	Mech, Civil	tcs	28/09/2020	12.00-1.00	34
15	Y. D. Kadu	Final year	Ee, Extc	test	01/10/2020	2:00 - 3:00	27
16	Y. D. Kadu	Final year	Ee, Extc	tcs	02/10/2020	2:00 - 3:00	26
17	Y. D. Kadu	Final year	Ee, Extc	tcs	03/10/2020	2:00 - 3:00	24
18	Y. D. Kadu	Final year	all branch	tcs	03/10/2020	6.15--7.00	54
19	Y. D. Kadu	Final year	Ee, Extc	tcs	08/10/2020	2:00 - 3:00	26
20	Y. D. Kadu	Final year	Ee, Extc	tcs	09/10/2020	2:00 - 3:00	24
21	Y. D. Kadu	Final year	Ee, Extc	tcs	10/10/2020	2:00 - 3:00	25
22	Y. D. Kadu	Final year	all branch	tcs Test	10/10/2020	7.00-7.45	64
23	Y. D. Kadu	Final year	Ee, Extc	TCS	15/10/2020	2.00-300	18
24	Y. D. Kadu	Final year	Ee, Extc	TCS	16/10/2020	2.00-300	16
25	Y. D. Kadu	Final year	Ee, Extc	TCS	17/10/2020	2.00-300	19
26	Y. D. Kadu	Final year	Ee, Extc	Geometry	22/10/2020	2.00-300	21
27	Y. D. Kadu	Final year	Ee, Extc	Geometry	23/10/2020	2.00-300	21
28	Y. D. Kadu	Final year	Ee, Extc	No lecture (due to TCS Exam )	24/10/2020		
29	Y. D. Kadu	Final year	Ee, Extc	No lecture (due to TCS Exam )	25/10/2020		
30	Y. D. Kadu	Final year	Ee, Extc	test on average	30/10/2020	2.00-300	
31	Y. D. Kadu	Final year	Ee, Extc	Test on Ratio	31/10/2020	2.00-300	
32	Y. D. Kadu	Final year	Ee, Extc	test on percentage	02/11/2020	2.00-300	
33	Y. D. Kadu	Final year	Ee, Extc	test on profit and loss	05/11/2020	2.00-300	

34	Y. D. Kadu	Final year	Ee, Extc	test on time and work	06/11/2020	2.00-300	
35	Y. D. Kadu	Final year	Ee, Extc	test on time and work	07/11/2020	2.00-300	
36	Y. D. Kadu	Third Year	EE	Basics of aptitude	27/11/2020	1:00- 2:00	47
37	Y. D. Kadu	Third Year	EE	Basics of aptitude	04/12/2020	1:00- 2:00	34
38	Y. D. Kadu	Final Year	Cse,Extc,EE	lecture on mixed questions for wipro	05/01/2021	12:00-1:00	26
39	Y. D. Kadu	Final Year	Cse,Extc,EE	lecture on mixed questions for wipro	06/01/2021	12:00-1:00	28
40	Y. D. Kadu	Final Year	Cse,Extc,EE	Test On Wipro	07/01/2021	12:00-1:00	28
41	Y. D. Kadu	Final Year	Cse,Extc,EE	lecture on mixed questions for wipro	08/01/2021	12:00-1:00	27
42	Y. D. Kadu	Final Year	Cse,Extc,EE	Test On Wipro	09/01/2021	5:00-6:00	29
43	Y. D. Kadu	Final Year	Cse,Extc,EE	Test On Wipro	11/01/2021	5:00-6:00	26
44	Y. D. Kadu	Final Year	Cse,Extc,EE	Test On Tudip	13/01/2021	5:00-6:00	25
45	Y. D. Kadu	Final Year	Cse,Extc,EE	Test-2 on Tudip	14/01/2021	5:00-6:00	34
46	Y. D. Kadu	Final Year	Cse,Extc,EE	Test-3 on Tudip	16/01/2021	5:00-6:00	17
47	Y. D. Kadu	second Year	Cse A & B	Basics of aptitude	18/01/2021	11:00-12:00	78

15	<b>PRACTICE 2</b> <b>Parents-Students Meet</b> <b>on "AWARENESS on</b> <b>COVID-19 PANDAMIC"</b>	Title of Practice 2	91-92
16		First Year department for year 20-21	93-100
17		CSE department for year 20-21	101-107
18		Electrical department for year 20-21	108-114
19		Electronics department for year 20-21	115-123
20		Civil department for year 20-21	124-130
21		Mechanical department for year 20-21	131-141
22		MBA department for year 20-21	142-148
23		MCA department for year 20-21	149-159

## Practice 2

### 1. Title of Practice :

Parents – Students meet on “AWARENESS on COVID-19 PENDAMIC”

### 2 The Goal

- To reduce morbidity and mortality associated with the coronavirus infection
- Provide education to prepare communities meet the dual challenge of coronavirus and the predicted heat wave
- Pilot and implement innovative methods of working and conducting operations in the current milieu of social distancing

### 3 The Context:

The coronavirus (COVID-19) epidemic has resulted in a public health emergency of global proportions. Major gaps exist in the knowledge of the epidemiology, prevention and clinical spectrum of the infection. Research suggests that individuals in the lower economic strata are more likely to get infected and have significantly higher mortality rates. And, even those that remain healthy are likely to suffer loss of employment and income as a result of social distancing, quarantines, and other measures, potentially on a sweeping scale. Communities impacted by the virus have seen deteriorating economic inequality and an increase in the burden of the lower socio-economic strata. A large section of the population is struggling to meet minimum basic necessities, a situation that will likely be worsened by the impact of the epidemic on income generating activities.

### 4 The Practice:

Since the pandemic was threatening the lives of humans with low immunity and carelessness among the peoples about the social gathering and roaming without masks the institute decided to make aware their stakeholders about the covid-19 situation and conduct the Student-Parent meet to make them aware of the situations and its rules to be followed. Hence by sending the notices on the departmental groups and arranging the meet along with the Head of department and all the faculties of the department were decided.

### 5 Evidence of success

## **5 Evidence of success**

Among 450 plus participants parents from aged  $\geq 45$  years and students from 18 to 23 age. Majority of respondents showed awareness of COVID-19 as a deadly, contagious, and life-threatening disease that is transmitted through human-to-human contact. They were familiar with the associated symptoms and common causes of COVID-19. Hand hygiene and social distancing were the most common preventive measures taken by respondents that were followed by avoiding traveling to an infected area or country and wearing face masks. Significant proportions of healthcare workers and more educated participants showed considerable knowledge of the disease, and all respondents displayed good preparedness for the prevention and control of COVID-19. Age, gender, and area were non-significant predictors of COVID-19 awareness.

## **6 Problems encountered & Resources required**

As the global threat of COVID-19 continues to emerge, it is critical to improve the awareness and preparedness of the targeted community members, especially the less educated ones. Educational interventions are urgently needed to reach the targeted residents beyond borders and further measures are warranted. The outcome of this study highlighted a growing need for the adoption of innovative local strategies to improve awareness in general population related to COVID-19 and its preventative practices in order to meet its elimination goals.

Meeting Platform	Google Meet App
Agenda	Lockdown academic activities and awareness of covid-19 pandemic
Date	6 <sup>th</sup> July 2020
Time	2:00 pm for group A students 3:00 pm for group B students
Number of participants	43 from group A 84 from group B
Dignitaries	Hon' Chairman Sir, Shree Pravin Bhau Pote, Hon' Director, Dr. S. A. Ladhake Hon' Principal, Dr. Mohd. Zuhair Hon' HOD group A , Dr. N. R. Thakare Hon' HOD group B , Dr. A. D. Bhoyar
Host	Prof. A. V. Dahat

Meeting started with Head of Department, Dr. A. D. Bhoyar's warm welcome to all the dignitaries, all the faculty members, parents and the first year students.

He explained the agenda of the meeting regarding the second semester 2019-20 completion and awareness regarding Covid -19 pandemic. He appreciated the efforts taken in conduction of online classes by faculty members.

The Hon' Principal in his address announced the completion of academic session 19-20 and about the promotion of students in the

second year. He advised the students to utilize the time properly by engaging themselves in attending webinars and studying relevant topic to their syllabus.

The Hon' Director assured the parents that there will be no loss regarding academics of their ward during pandemic. He assured that proper solutions and decisions would be taken at the crucial times in pandemic lockdown and arrangements will be made accordingly. He wished the parents and students for their safe and healthy life and advised them to abide the rules laid by Government regarding pandemic lockdown.

The Hon' Chairman urged the parents and students not to panic during pandemic and follow the rules for their safety. He highlighted about the counseling of their ward by the faculty members in case they have any doubts or difficulties to discuss with. He wished everyone for their wellbeing and advised the students to make proper use of the time for their bright future.

The vote of thanks was proposed by Dr. N. R. Thakare.

## **PARENTS-TEACHERS MEET**

Date: - 1<sup>st</sup> July 2020

To the parent of .....

We have scheduled Parents-Teachers Meet on **6<sup>th</sup> July 2020** on Zoom App, for CSE Department, P.R.Pote college of Engineering and Management. Following points will be discussed in the meet.

1. Awareness about Covid-19 Pandemic Situation
2. Feedback and Suggestions, if any

We are committed to develop students academically as well as to have a concern over societal issues. It is thus essential on your part to attend the meet and discuss towards the overall development of your ward during academic year. We will report your ward's progress this year. Kindly confirm your attendance to the undersigned.

Thanking you.

A Report on

“Online Parents Meeting 2020”

(6<sup>th</sup> July 2020, Sunday)

**Online Parents Meet 2020 at a Glance:**

Date: 6/07/2020, Time: 11:00 AM onwards,

Online platform: Zoom Meet

Total number of parents who attended meeting: 181

**Objective of the event:**

The Parent Teacher Meeting for B.E. Semester 3<sup>rd</sup>, 5<sup>th</sup> and 7<sup>th</sup>, was organized on 06/07/2020 to discuss about the Pandemic situation of Covid-19. The goal was to provide the guidelines of Covid-19. To aware parents about Covid-19 as well as about Vision, Mission, PO's and PEO's of the department.

**Activities during the event:**

The parents started reporting from 10:55 am onwards on Zoom meet app where all faculty members were already present. Prof. A. R. Ladole welcomed all the Parents.

During 11.00 am to 11.15 pm, Prof. A. R. Ladole introduced parents with the faculties of the department. Also explained the agenda of the meeting to the parents.

During 11.15 pm to 11.45 pm, parents were guided by HoD Dr. A. B. Gadichasir given a brief overview of best practices like online classes, webinar which are conducted for the student in this difficult time followed by the institute for effective teaching learning process and how it helps students in placement and for higher studies. Then he explained Vision and Mission of the institute and the departments along with Covid-19 situation, focus on quality education, library facilities and general criteria of the institute. They mainly highlighted the pandemic situation of Covid-19 and how to face that situation.

Then the discussion was open for parent and student for their difficulties and suggestions. Parents Mr. Tale, Mr. Jajoo, Mrs. Deshmukh interacted with respected HoD. The suggestions from the parents about their wards' interests and learning were noted.

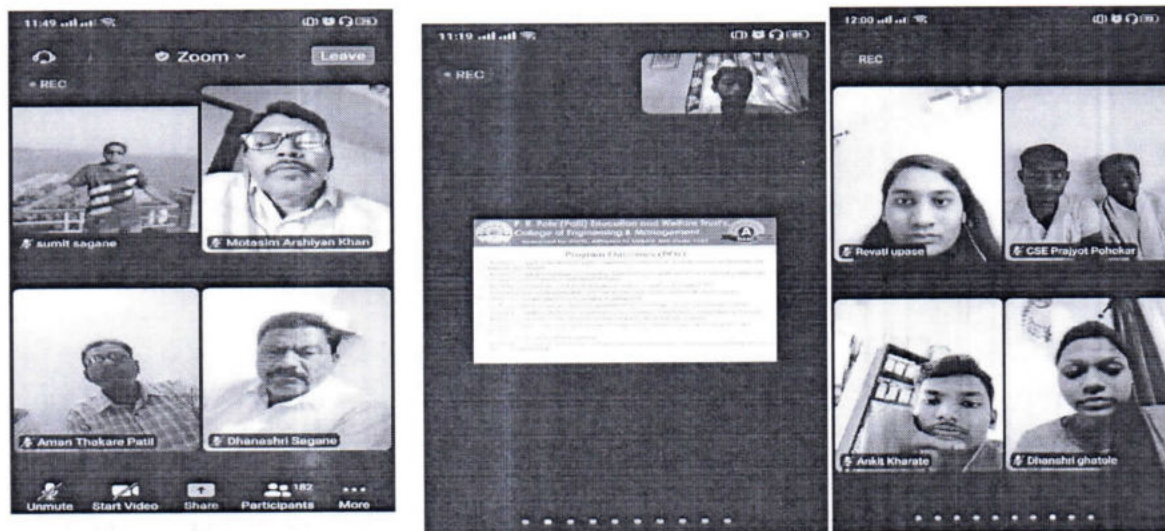

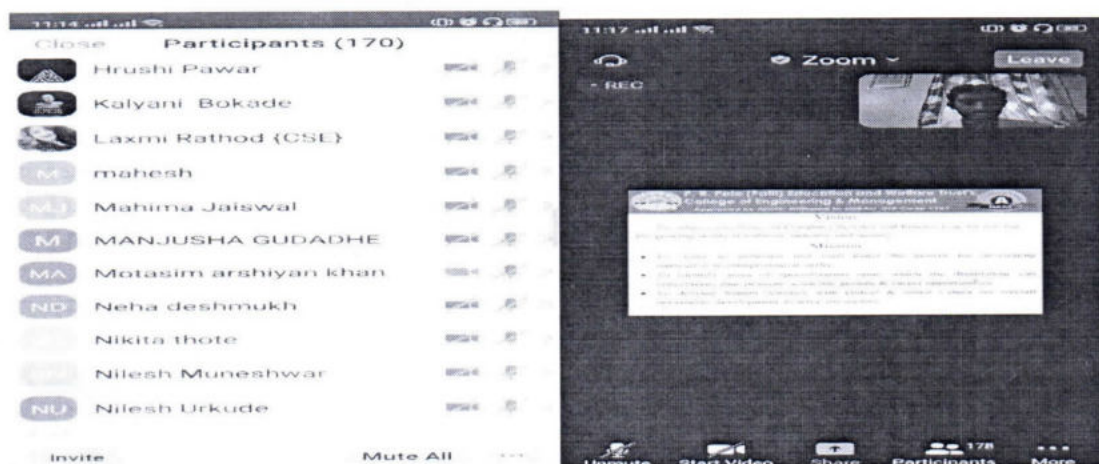

The Parents Meeting 2021 was over with the vote of thanks by Prof. K. K. Chhajed. For the successful organization of this meet Departmental training and placement coordinator Prof. S. S. Sagane and Prof. A. R. Ladole were taken truthful efforts.

### Outcomes of the event:

Around 180 parents participated in the meeting of batch 2020. Parents became aware about Covid-19 and various activities going on for overall student welfare. Parents get idea about the training and placement activities conducted by the department. They also get aware about the Vision and Mission of the institute and the departments. Parents expressed their gratitude and enthusiasm for this interactive session with the faculties so that they can know better about their wards performance at the institute.

The Meeting came to an end with the conclusion that the progress and development of the students depend on the joint efforts of parents and teachers. For this purpose, parents agreed to keep a close vigilance on the actions of their child, and to keep in constant touch with the mentors.

## **Online Parents Meet on Corona Awareness**

**06/07/2020**

Online Parents Meet was organized in order to salute the dedication and sacrifice of Corona warriors and awareness program on Covid 19 organized by EESA Committee on the topic "Sarve Santu Niramaya" on 06<sup>th</sup> July at 6:00 pm on Zoom meeting platform. There was special guidance by corona warrior Dr. Avinash G. Bendarkar, B.A.M.S. (Maharashtra University of Health Sciences Nashik). After his guidance about corona virus, vaccination & precautions students & Parents also expressed their views followed by HOD sir. A short video clip was present to pay tribute to Corona warriors.

After the successful conduction of event EESA members were appreciated by everyone. However, continuous guidance and inspiration by Prof. D.A. Shahakar sir, HOD, EE department PRPCEM plays vital role. In this way this program was successfully conducted under the guidance of EESA Faculty Coordinators Prof. A. P. Pundkar and Prof. S. V. Kalmegh.

A Report on

**"Online Parents-Students Meet 2020  
On Awareness on Covid-19 Pandemic"**

(7<sup>th</sup> July 2020, Monday)

**Online Parents Meet 2020 at a Glance:**

Date: 7/07/2020, Time: 1:00 pm onwards,

Online platform: Zoom Meet

Total number of parents who attended meeting: 60

**Objective of the event:**

The Parents-Students Meet for 2<sup>nd</sup>, 3<sup>rd</sup> & Final year was organized on 07/07/2020 to discuss about the bad Pandemic situation of Covid-19 in the world. The main aim of the meeting was to make aware the parents and students basically who are living at the interior of the village and was not yet much affected by the pandemic till date. SO, in the meeting HOD along with the faculties and some COVID warriors from the parents gave guidelines on Covid-19 and the rules to be followed thoroughly.

**Activities during the event:**

The parents started reporting from 12.50 pm onwards on Zoom meet app where all faculty member are already present. Dr.V.B.Padole Sir anchored the meet and explained the agenda of the meeting to the parents. Also guided by HoD Dr.R.D.Ghongade given a brief overview of best practices like online classes, webinar which are conducted for the student in this difficult time followed by the institute for effective teaching learning process and how it help students in placement and for higher studies. HOD mainly highlighted the pandemic situation of Covid-19 and how to face that situation.

Then the discussion was open for parent and student for their difficulties and suggestions. Parents Mr. Junghare Mrs.Tarhekar, Mr Kokate Mr Borkar & Mr. Deshmukh interacted with the faculties. The suggestions from the parents about their wards' interests and learning were noted.

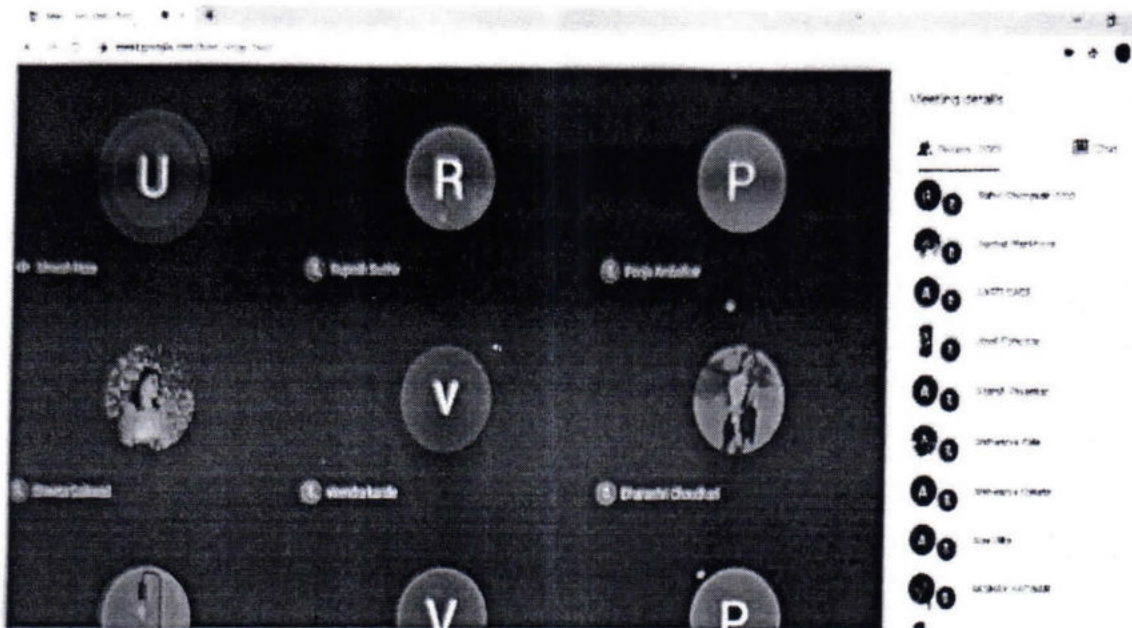

The Parents Meeting 2021 was over with the vote of thanks by Prof. R.D.Sushir

**Outcomes of the event:**

Around 60 parents participated in the meeting of batch 2020. Parents became aware about Covid-19 and various activities going on for overall student welfare. Parents got idea about the training and placement activities conducted by the department. Parents expressed their gratitude and enthusiasm for this interactive session with the faculties so that they can know better about their wards performance at the institute.

The Meeting came to an end with the conclusion that the progress and development of the students depend on the joint efforts of parents and teachers. For this purpose, parents agreed to keep a close vigilance on the actions of their child, and to keep in constant touch with the mentors.

## **PARENTS-TEACHERS MEET**

PRPCEM/ME/Notice/2020-21/01

Date: - 6<sup>th</sup> July, 2020

To the parent of .....

We have scheduled a Parents-Teachers Meet on Zoom Meeting Platform dated **6<sup>th</sup> July, 2020**, P.R. Pote college of Engineering and Management. Following points will be discussed in the meet.

1. Academic Performance of ward
2. Various Activity Perform in the Department
3. Social Activity Done by Our institute
4. Feedback and Suggestions, if any

We are committed to develop students academically as well as to have a concern over societal issues. It is thus essential on your part to attend the meet and discuss the overall development of your ward during the academic year. We will report your ward's progress this year. Kindly confirm your attendance to the undersigned.

Thank you.

## Department of MBA

Date: July 07, 2020

As per the directives given by Hon. Principal Sir, Parents meet of MBA department was conducted on **06 July 2020 at 03:00 PM**. Meeting was attended by **81 members** including parents and Students of MBA I & II Year.

Meeting was initiated by Prof. S. R. Shah by welcoming Hon. Director Dr. Ladhake Sir, Principal Dr. Mohd. Zuhair, Parents, Students and Faculty Members of the department.

### Following points were discussed in the meeting:

- Introductory remark and objective of conducting meeting was addressed by HOD of MBA Department.
- Departmental progress report presented by HOD of MBA Department.
- Academic report of MBA Department presented by Prof. S. R. Shah mentioning various activities like on line lecture, subject related notes, study material, PPT and subject related video links were time to time provided to the students MBA I Year & II Year.
- Future planning for SIP for MBA I year was discussed in the meeting.
- Hon Principal Sir addressed the students in the meeting to gain employability skills which will help them to place in corporate sector.
- Principal Sir also instructed to students if they are having any query related to academics they can ask to the respective subject teacher's to solve them.
- Hon. Director Sir had discussed the guidelines of Exams given by UGC and informed final year final SEM students that their exam will be conducted by university in month of August 2020.
- Hon Director Sir motivated the PG students to increase their participation in extracurricular activities conducted at college and University level.
- An effort taken for placements by T&P department was appreciated by Director Sir.
- Opportunity given to parents to express their views on the development of their ward during MBA Course.

A Report on

“Online Parents-Students Meet 2020  
On Awareness on Covid-19 Pandemic”

(6<sup>th</sup> July 2020, Monday)

**Online Parents Meet 2020 at a Glance:**

Date: 6/07/2020, Time: 1:00 pm onwards,

Online platform: Zoom Meet

Total number of parents who attended meeting: 55

**Objective of the event:**

The Parents-Students Meet for 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> year was organized on 06/07/2020 to discuss about the bad Pandemic situation of Covid-19 in the world. The main aim of the meeting was to make aware the parents and students basically who are living at the interior of the village and was not yet much affected by the pandemic till date. SO, in the meeting HOD along with the faculties and some COVID warriors from the parents gave guidelines on Covid-19 and the rules to be followed thoroughly.

**Activities during the event:**

The parents started reporting from 12.50 pm onwards on Zoom meet app where all faculty member are already present. Prof. Thombare Sir anchored the meet and explained the agenda of the meeting to the parents. Also guided by HoD Prof. A. S. Bhande given a brief overview of best practices like online classes, webinar which are conducted for the student in this difficult time followed by the institute for effective teaching learning process and how it help students in placement and for higher studies. HOD mainly highlighted the pandemic situation of Covid-19 and how to face that situation.

Then the discussion was open for parent and student for their difficulties and suggestions. Parents Mrs. Tawhare, Mr. Wasu, Mr. Patil, Mr. Pohare, Mr. Pendor interacted with the faculties. The suggestions from the parents about their wards' interests and learning were noted.

The Parents Meeting 2021 was over with the vote of thanks by Prof. S. M. Jadhav.

**Outcomes of the event:**

Around 55 parents participated in the meeting of batch 2020. Parents became aware about Covid-19 and various activities going on for overall student welfare. Parents got idea about the training and placement activities conducted by the department. Parents expressed their gratitude and enthusiasm for this interactive session with the faculties so that they can know better about their wards' performance at the institute.

The Meeting came to an end with the conclusion that the progress and development of the students depend on the joint efforts of parents and teachers. For this purpose, parents agreed to keep a close vigilance on the actions of their child, and to keep in constant touch with the mentors.

Prof. A. S. Bhande  
HOD
