

About STTP:

Modern Electronics Engineering education is now dominating with application of outcome based research and use of modern tools to achieve it. Internet of Things is now act as a modern tool widely enables different objects to connect and exchange data. The IoT allows objects to be sensed or controlled remotely across existing network infrastructure, creating opportunities for more direct integration of the physical world into computer-based systems, and resulting in improved efficiency, accuracy and economic benefit in addition to reduced human intervention. "Things", in the IoT sense, can refer as an inextricable mixture of hardware, software, data and service. This course enables the participants to gain an understanding of basic research orientation and fundamental concept of Internet of Things and an appreciation of its role and the capabilities in each domain.

About Department:

The Department of ELECTRONICS & TELECOMMUNICATION ENGINEERING aims at the synthesis of Science, Engineering and Technological aspects of Electronics. We all know that the ongoing transformation of quality of our lives is due to the recent phenomenal growth in Electronics, Information / Communication Technology and Technological convergence. Many a super-smart electronic gizmo is hitting the market every day which, hitherto, used to appear in Science fiction only! Smaller and more complex electronic devices are replacing the bigger ones. E&TC graduates find wide opportunities in the growing communications era of today. This course has been designed by the University of Amravati in consultation with senior industrialists in the Electronics & Telecommunication Engineering field.

Course Content :

1. Research orientation in Telecommunication
2. Recent Trends in Electronics
3. Power System Deregulation and challenges
4. Overview of Modern Communication Network
5. Wireless sensor Networks overview and its application in IoT.
6. Use of Reconfigurable Antennas in IoT system design.
7. IoT connectivity with server using GSM and Wi-fi
8. IoT applications.

Objective:

The prime objective of this STTP is to provide a platform for discussing new communication applications in modern electronics and telecommunication systems. Also to provide sustainable solutions for application of power and speed with high efficiency in day to day life. This STTP is relevant to all faculty and researchers pursuing their higher studies in areas of IoT and Data communication network.

Prerequisite:

Basic Knowledge of

- Sensors and its application,
- Embedded System,
- Client server connectivity,
- Cloud computing.

Eligibility:

Course is open to all teachers from AICTE recognized engineering institutions.

Registration Fee:

INR 1000/- per candidate.

(Registration kit and High Tea included)

How to Reach Institute:

Nearest Airport is Nagpur-150 Kms
Nearest Railway station is Amravati -8 Kms,
Badnera-18 Kms from Institute.

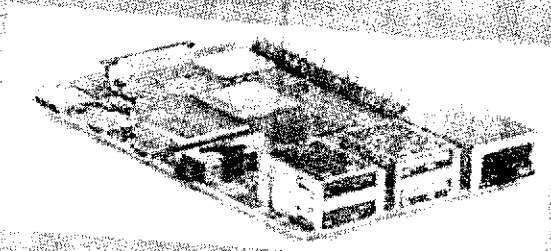

Contact Details:

Prof. R. D. Sushir

ABrief Reporton

ISTEand AICTEApproved OneWeek ShortTermTrainingProgram (STTP)

Event: "Research Trends in Communication systems and Network using IoT with Hands-On on Raspberry Pi-3"

Duration:18thJune-23rd June2018

Venue: Seminar Hall and System Software LAB. PRPCOEM, Amravati

Participants: Faculty EXTC from P. R. Pote Patil College of Engineering and Management, Amravati.

>Objectives:

The objective of this program is to help young faculty members to gain sound understanding of the basic principles of "IoT and its applications". It also provides an opportunity for researchers to exchange ideas in the field.

>Staff Involved:Prof. R. D. Ghongade HOD, and all faculty members of Dept. of ExTC Engineering.

Theorganizingcommittee isasfollows:

Sr. No.	Name ofStaff Member	Venue/ Committee	Responsibilities
1.	Mr. R. D. Sushir (STTP Co-Ordinator)	Overall Coordination	1) Tocoordinatewithothercommittee membersfor smoothconductionof the program. 2)Incase of absence of anycommittee members,needto make alternate arrangementsor ready to workasa committeemember. 3) Timely reportingPrincipalaboutthe activities.
2.	Mr. R. D. Sushir Mr. Rishikesh Kadu	Stage & Venue Arrangement	1) Venuearrangement. 2) Banners,bouquet&nameplates arrangements. 3) Audio/Video testing. 4) Availabilityof water bottles. 5) Reporting toHead of the departmenton timelybasis.

3.	Mr. V. B. Padole Ms. J. J. Zunzunwala	Anchoring	1) To start each session. 2) To introduce each speaker. 3) To conclude each session.
4.	Mr. R. D. Sushir Mr. Vivek Dhaskat	Attendance and Feedback Management	1) To take session-wise attendance. 2) To do daily attendance analysis. 3) To take feedback. 4) To do feedback analysis. 5) To conduct assessment test and result analysis.

➤ **Participant Details:**

Designation	No of members
Faculty members from EXTC.	21

➤ **Description:** Schedule of the program is attached.

➤ **DAY1-18/06/18 (Monday) Session 1. Inauguration:**

A Short term training program approved by ISTE and AICTE on “**Research Trends in Communication systems and Network using IoT with Hands-On on Raspberry Pi-3**” was organized by department of Electronics and Telecommunication Engineering at P.R. Pote College of Engineering and Management, Amravati from 18th June -23rd June 2018.

Sarasvati Puja and College Prayer performed at very beginning of session was making atmosphere delighting and spiritual. Before welcome address, Hon. Guests were felicitated by organizing committee. A heart-warming welcome remark was delivered by Prof. R. D. Ghongade, Convener, of STTP-2018. In her address, Hon. Principal Dr. Mrs. S. D. Wakde stated research definition emphasizing on importance and contents of the training program. Hon. Dr. A. I. Dhatri (ISTE Executive Council Member, GCOEA) was present as Local ISTE representative in inaugural. This session further continued with his addressing to gathering who enlightened the participants about the importance of such training programs and how such programs help in developing R&D culture in educational institutes. STTP was inaugurated at hands of Dr. Murlidhar G. Chandekar, Hon'ble Vice-Chancellor, SGBAU, Amravati. He also mentioned that the primary objective of this endeavor is to inculcate and nurture the culture of research among staff of us and also to guide us in how to integrate research in academics which will be beneficial from top to bottom and finally to end customer of it should always be student community. In his speech, he spoke about the initiatives of ISTE, the different programs conducted by the demand encouraged participants to come forward and contribute effectively in such programs.

➤ **DAY1-18/06/18 (Monday) Session 2: Introductory IoT: Mr. N. S. Sahare**

At PRPCOEM, each faculty is encouraged to attend training programs which would lead them to skill building and technical enhancement. This in turn helps to upgrade students with the latest technologies. During this STTP participants took advantage of onset session, which were well handled by industrial practitioner community person Mr. N. S. Sahare, ANV InfoTech, Nagpur.

➤ **DAY2 and 3–19/06/18 (Tuesday) and 20/06/18 (Wednesday):
Session 1 and 2: Mr. M. D. Bharti**

Points Covered:

1. IoT basics
2. Hands-on IoT: Sensor Interfacing
3. Hands-on with sensor and Raspberry-Pi kit
4. Introduction to Cloud Server technology
5. Interfacing IoT kit with Internet

➤ **DAY 4 and 5 – 21/06/18 (Thursday) and 22/06/18 (Friday):
Session 1 and 2: Mr. Rajendra Khope**

Points Covered:

1. Automation basics
2. Automation Hands-on with IoT kit 2.
3. Hands-on IoT: Sensor Interfacing
4. GSM and AT-commands basics
5. GSM and AT-commands Hands-on with IoT kit
6. Networking (Wi-Fi) basics
7. Connecting camera and live streaming to server
8. Deploying Remote Control & Monitoring system over GSM network
9. Wi-Fi connectivity using client-server connection over IoT kit

Meanwhile on the occasion of “**International Yog Day**” all the participants had Yog session by AOL trainer **Dr. Sanjayji Gadekarto** add to their rejoice.

➤ **Day 6:**

Session 1: Dr. C. N. Deshmukh: Research Issues in IoT and WSN.

Guest in his lecture introduced WSN concept in IOT, he also proposed participants to contrast IoT and WSN from a conceptual overview, aiming to find out the relationship between them and to highlight their differences. He detailed participants about security issues in IOT.

Session 2: Valedictory

The program ended with the valedictory function which was graced with the presence of Hon. Dr. D. G. Wakde, Director PRPGEI, Amravati, Hon. Dr. Mrs. S. D. Wakde, Principal, PRPCOEM, Amravati, Prof. Mohd. Zuhair, Vice Principal, PRPCOEM, Amravati.

Dr. D. G. Wakde in his speech appreciated the efforts taken by Organizing Committee who have taken this step to enhance Research culture in the institute through Project Based Learning and encouraged all faculty members to do Research.

Dr. Mrs. S. D. Wakde, Principal, PRPCOEM in her valedictory talk, started with congratulating coordinators and organizing committee for the successful conduct of STTP-2018. She also explained the importance of incorporating project based learning to enhance research culture in this institute. She emphasized the need of such programs as they provide a unique opportunity to explore the boundaries of what is currently known in various domains of Engineering and Technology, through arrange of research experiences. She also mentioned that such programs provide a common platform to discuss and learn new methodology to upgrade ourselves.

After that, Prof. R. D. Ghongade, Convener-STTP-2018 along with coordinator R. D. Sushir presented the glimpse of activity report based on the deliberations held during the STTP. The function ended with a Vote of Thanks presented by STTP coordinator, EXTC Department. The valedictory function concluded with singing of the National Anthem.

➤ **Outcomes:**

- The faculty members conducted Research based hands on in IOT.
- This STTP Program has opened new paths for our students and faculty to investigate innovative ways to assess the emerging trends in IOT Technology in dynamic and collaborative setting.
- Organizing such programs is an essential step to achieve new targets & make a mark in the Technological Research at a Global level.
- This STTP Program has shown higher horizons in the field of Research

Learning for the organizing such events in future:

- A developing culture of research requires open and collaborative personal relationships among faculty members. Congenial relationships among faculty members would support a successful Faculty to faculty research mentoring initiative. Such mentorships stand to be an important element of culture establishment. Personal ties among faculty are also likely to foster collaborative research efforts, which are a hallmark of research culture success.
- With changing trends these programs give an opportunity to update one's knowledge and understand its advancements with greater level of clarity and help to implement those techniques effectively in respective domains.
- Certain sessions can be conducted in flip class room mode where coordinator will introduce some points for discussion and make it more inquisitive by introducing questions and motivate faculty members to put forth their view points. This will help us understand the learning levels and measure the outcomes from it.

► Objective

Internet of Things enthusiast with an interest in building solutions that benefit society and surroundings. With more than 6 years of experience in the industry and 12 years of experience in teaching in Engineering, I am always passionate about technology and using it for the betterment of our day-to-day life and environment.

► Educational Qualification

- B. E. in Electronics and Telecomm. Engg. with First Class
✦ B. N. College of Engineering, Pusad (M.S.)
First Class
- Diploma in Electronics and Comm. Engg. with First Class
✦ Government Polytechnic, Arvi
First Class
- SSC
✦ Hutatma Rashtriya Vidyalaya, Ashti
First Class

► Work Experience

- From 4-10-2022 – Present
✦ Technical Lead at Confluxsys Pvt. Ltd
- From 01-06-2014 - to - 3-10-2022
✦ Freelance Developer • ioCare, Pune
✦ Founder and chief decision-maker at ioCare, Pune. Worked on various IoT, Embedded Hardware, Industrial Automation & Front-End/Back end Web and Mobile Application development projects.
- From 1-06-2012 - to - 31-05-2014
✦ Assistant Professor • AISSMS College of Engineering, Pune
✦ Biomedical Instrumentation and Microcontrollers. Design and Setting up an online examination system.
- From 23-07-2007 - to - 31-05-2012
✦ Assistant Professor • MIT College of Engineering, Pune
✦ Apart from Teaching worked as NBA Co-coordinator, Developed an Intranet Setup and Management, Taught students subjects like Computer Network, Hardware Lab, and Microprocessor and Microcontrollers. Created student's Elite research group. Completed BCUD, Pune funded project "Contextual Machine Translation".
- From 01-08-2002 - to - 22-07-2007
✦ Lecturer • Government Polytechnic, Arvi
✦ Worked as an Assistant in charge in Continuing Education Cell of Canada India Institute-Industry Linkage Project (CIILP) at Institute. Subjects instructed Applied Electronics, Microprocessors, Visual Basics

► IT Proficiency

- Operating Systems: Windows, Linux.
- Development Tools: Eclipse, Android Studio, Blender, Unity3D, KiCad, FreeCad
- Programming Languages : C, C++, PHP, JavaScript, TypeScript
- Web and Mobile Framework: Ionic framework, Angular, Bootstrap, Laravel, OctoberCMS/WinterCMS
- Hardware : STM32, Atmel Atmega, ARM, Raspberry Pi, ESP8266, ESP32

► Languages:

- English, Hindi, Marathi

- ✦ Ecommerce <https://www.govindpapad.com>
- ✦ Profile: <https://nitinmawale.com>

■ Cloud-connected Temperature and Humidity Management System (Jabil Circuits Ltd)

- ✦ THM with cloud management
- ✦ Cloud logging of the various parameters from THM

■ Smart Garbage Collection System (SigFox) (Paris, France) for BlueCloud, France

- ✦ IoT hardware and cloud infrastructure design and manufacturing.
- ✦ Sensor Cloud with route optimization.

■ IoT based Smart Asset Management System

- ✦ IoT Hardware design and deployment solution for Paris, France smart city project.
- ✦ Design of IoT Based embedded hardware to interface with IBM Watson and IBM IOC platforms.

■ Smart Irrigation Platform for agriculture.

- ✦ Smart Water management system for farms
- ✦ IoT-based cloud data logging and effective prediction with Machine Learning.

■ RF Mesh network node design

- ✦ 2.4GHz RF node network for research institutes (Zeal College of engineering and MIT college of engineering)
- ✦ Development kits design with sensor interfacing

■ WiFi Home Automation (Product Design)

- ✦ Complete Lighting and Home Appliances control through retrofit automation solution.
- ✦ Home Automation solution to fit the need of the existing home without changing any wiring.
- ✦ Controlled through Mobile, Desktop from anywhere with Amazon Alexa and Google Home Voice integration.

■ Setting up IoT research Laboratories

- ✦ Designed customized IoT development kits and Wireless Sensor network Test Beds for setting up complete Research Lab at various Engineering Institutes in Pune University.
- ✦ First Research Lab setup in Pune University region.

■ Online Admission System

- ✦ Online Admission system automation with Web and mobile application to facilitate fast processing of online and physical form through the use of QR codes.
- ✦ <https://www.arnoldcentralschool.org/>

■ Current Working As Member of Project Management Group (PMG) at Agri-IoT Center of Excellence Project by Software Technology Park of India, Pune (STPI)

- ✦ Member of Project Management Group
- ✦ Key Member in IoT laboratory setup and BoM finalization
- ✦ Mentor and Partner for the STPI CoE project.

Skills

Good technical Knowledge in
Electronics
Able to manage Human
Resource Properly

Experience

- Director of MDB Electrosoft Pvt. Ltd. Since July 2013
- Director of iBase Electrosoft LLP since Jan. 2015
- 13 Year experience in Embedded system design.
- Working on IOT project development since Aug 2016.
- Worked on DIP Projects.
- Granted Patent on Security system **Authority Alert System for Identification of Unauthorized Movement in Security Zone** (using DIP and Embedded system Patent No. 404269 Application No : 27788/MUM/2014).
- Patent on **SWIMMING COACH ASSISTANT SYSTEM** (Application No.1772/MUM/2013 A Publication Date : 13/03/2015)
- 9 year Teaching experience as a faculty of Engineering College.
- Conducted number of Faculty development Program based on IOT, Raspberry Pi, Embedded system, Image and Video processing
- Conducted number of Technical skill development program and workshops for students based on IOT, Embedded system, Raspberry Pi, Arduino, Basics of electronics , PCB Design, Simulator tools, Python, Image and Video processing , Quad Copter and RC plane development.
- Board of Study member for CMPS and IT Dept. at Government Polytechnic, Amravati as Industrial Expert.

Education

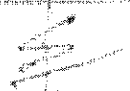

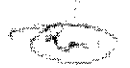

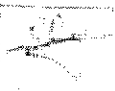

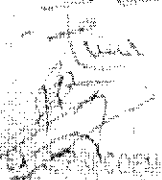

- B.E. (Electronics and Telecommunication) From Amravati University.
- Online Course on Business Management by Vivek Bindra
- Online course on Entrepreneurship, Time management, Effective communication by Ankur Wareku

P.R.Pote Patil College of Engineering and Management, Amravati

Department of Electronics & Telecommunication Engineering

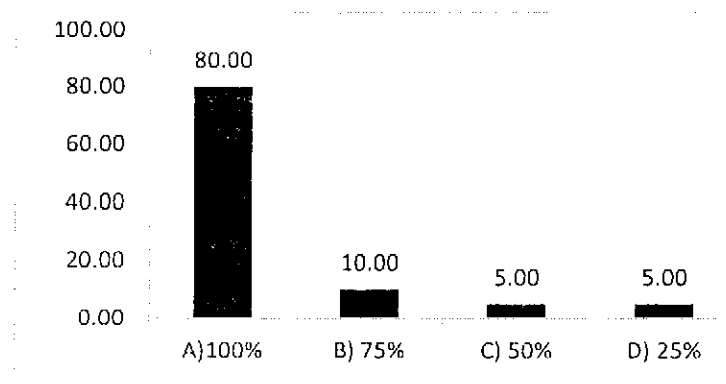

Session -2017-18

Date: 18 June 2018 to 23 June 2018

Topic: Short Term Course on Research Trends in Communication System and Network Using IoT with Hands on Raspberry Pi

Feedback Analysis

Q.1) What percentage of the information was new to you?

Q.2) whether, the contents of this session will be beneficial for you?

Q.3) Please rate the speaker's knowledge of the topic:

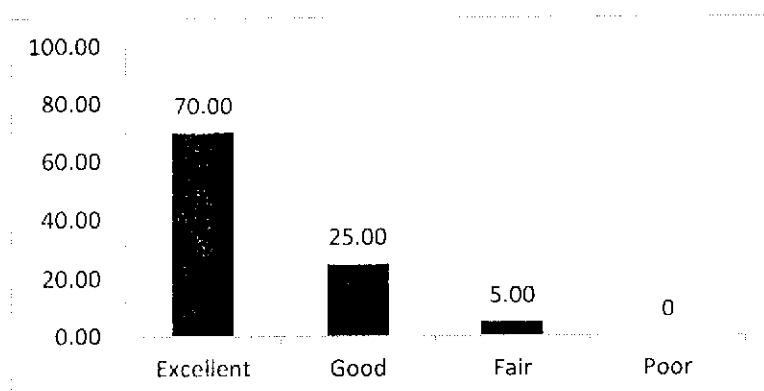

Q.4) Please rate the speaker's presentation skills:

Q.5) Please rate the content of the slides/virtual aids:

Q.6) how did the session compare to your expectations?

Q.7) Overall session evaluation:

Research Trends in Communication Systems and Network using IoT with
" *Hands-On on Raspberry Pi-3* " held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Well. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

6219

Certificate

This is to certify that Mr./Ms. P. N. Pusdekar

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
" Hands-On on Raspberry Pi-3 " held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Well. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms.

U. W. Hore

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
" Hands-On on Raspberry Pi-3 " held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Welf. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. R. D. Sushir

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
“ Hands-On on Raspberry Pi-3 ” held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Well. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. B.R.Mankar

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
" Hands-On on Raspberry Pi-3 " held during

18/6/2018 to 23/6/2018 Organized by P.R.Pote Patil Edu. & Well. Trust's

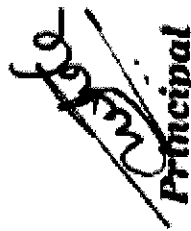

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. V. B. Padole

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
“ Hands-On on Raspberry Pi-3 ” held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Welf. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. S. P. Bhonge

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
" Hands-On on Raspberry Pi-3 " held during

18/6/2018 to 23/6/2018 Organized by P.R.Pote Patil Edu. & Well. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms.

A. R. Pawade

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with

" *Hands-On on Raspberry Pi-3*

" held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Well. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. A. P. Dhande

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
" Hands-On on Raspberry Pi-3 " held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Welf. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

6219

Certificate

This is to certify that Mr./Ms. S. K. Nanda

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
" Hands-On on Raspberry Pi-3 " held during

18/6/2018 to 23/6/2018

Organized by P.R.Pote Patil Edu. & Welf. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. M. P. Randive

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
“ Hands-On on Raspberry Pi-3 ” held during

18/6/2018 to 23/6/2018

Organized by P.R.Pote Patil Edu. & Wellf. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. Rupal Walli

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
“ *Hands-On on Raspberry Pi-3* ” held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Well. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. S. S. Bhutada

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with

" *Hands-On on Raspberry Pi-3* " held during _____

18/6/2018 to 23/6/2018 Organized by P.R.Pote Patil Edu. & Welf. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator

Certificate

6219

This is to certify that Mr./Ms. J. J. Zunzunwala

has successfully completed AICTE-ISTE approved Induction/Refresher Programme
Research Trends in Communication Systems and Network using IoT with
" Hands-On on Raspberry Pi-3 " held during

18/6/2018

to

23/6/2018

Organized by

P.R.Pote Patil Edu. & Wellf. Trust's

Group of Institutions, College of Engineering & Management, Amravati, Maharashtra

Advisor, AICTE

Executive Secretary, ISTE

Principal

Program Coordinator
