REPORT

Workshop Convener: - Prof. R. D. Ghongade (HOD EXTC Dept.)

Workshop Coordinator: - Prof. Atul Ghute

Organized by: - Department of Electronics and Telecommunication

About Workshop

The workshop One Days Workshop on "Fire & Building safety" Organized on 8th, June 2019 was held at EXTC Department, PRPCEM Amravati. Fires are damaging to property, cause injury or death, and can even eliminate jobs since many buildings destroyed by fire are not rebuilt. The way to prevent these dire outcomes is proper fire safety training. Learning about fire hazards is the key to preventing fire from occurring. That's why to for providing the awareness about the fire and safety this workshop is organized. Department of Electronics & Telecommunication Engineering regularly organize workshops and seminars to upgrade knowledge and build advanced skills among the lab assistance of Engineering.

Department organized two session of One Days Workshop on "Fire & Building safety" Organized on 8th, June 2019 in college campus. All lab assistance was guided in brief about preventing measures of fire hazards situation and hands- on practical fire safety equipments.

During these two sessions, following points covered * To have adequate means of escape * Outline clear pathways to exit doors * what is the use of smoke detection systems * To Conduct regular fire drills * What is the use of flame-retardant materials in interiors * How to make your office accessible to firefight equipments * Keep the building plans handy.

A classroom session was briefly explained by Prof. Atul Ghute. The very first session of day-1 commenced with the welcome address given by Prof. R. D. Ghongade. The session was spread over first half of session I and it provided the insights Basic fire prevention, Good housekeeping, Risk awareness, smoking policy, emergency plan.

The second half of session how to use the fire equipment with a practical hand on like Fire Extinguishers & Fire Blankets, Sprinklers & First Aid Kits. Also video content based on this above topics shared and shown.

The outcome of this workshop:

Everyone is responsible for preventing fires in the workplace – employers and employees alike. In addition to possible injury and loss of life, a serious fire can close down a workplace resulting in significant job losses. It is possible to reduce the threat of fire to people and property by teaching everyone to work together to prevent fires with comprehensive fire safety training.

Session -2018-19

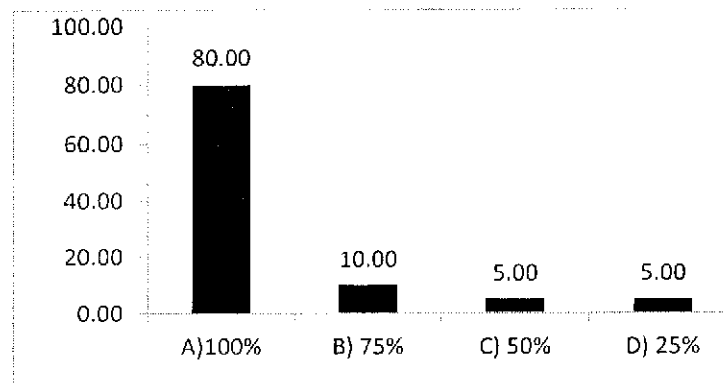

Date: 8 June 2019

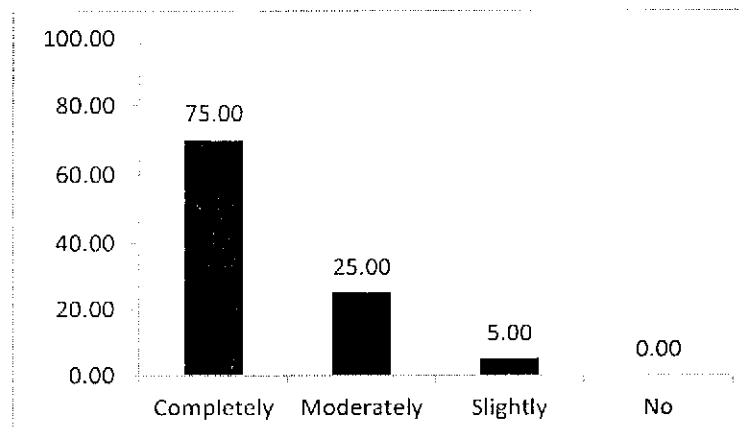

Topic: Workshop on Fire & Building Safety

Feedback Analysis

Q.1) What percentage of the information was new to you?

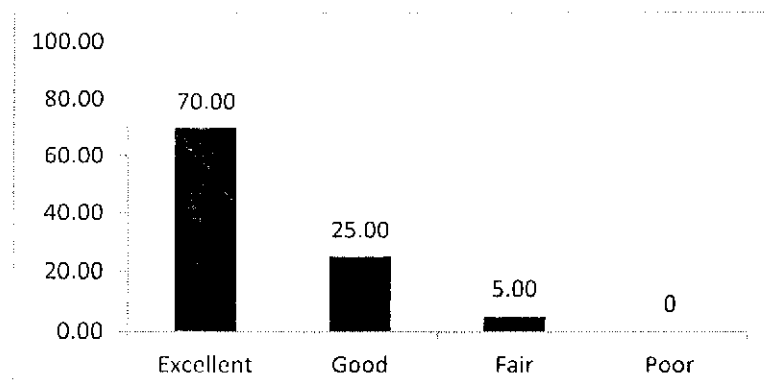

Q.2) whether, the contents of this session will be beneficial for you?

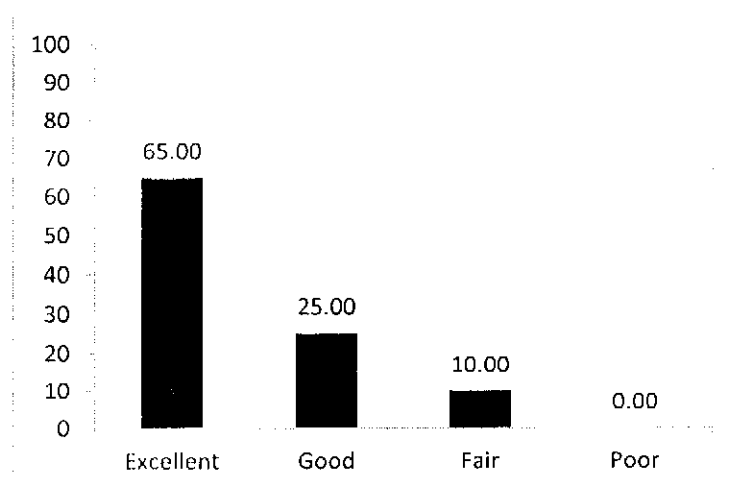

Q.3) Please rate the speaker's knowledge of the topic:

Q.4) Please rate the speaker's presentation skills:

Q.5) Please rate the content of the slides/virtual aids:

Q.6) how did the session compare to your expectations?

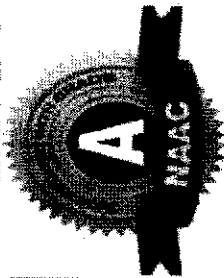

Q.7) Overall session evaluation:
