**NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTHIN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:**

**CLAUSE 1 CO- OPERATION**

Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party. The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter here of and shall supersede any prior understanding between the Parties on the subject matter hereof.

**CLAUSE 2  
SCOPE OF THE MOU**

  
Principal  
P. R. Patil (Patil)  
College of Engineering & Management  
Amravati.

(143)

The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

**Curriculum Design:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

**Industrial Training & Visits:** Industry and Institution interaction will give an insight into the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career.

**Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of Design & service for Undergraduate Students for Projects & Seminars.

**Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.

**Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.

Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programmes on the terms specified herein.

There is no financial commitment on the part of the ASPA BANDSONS AUTO PVT. LTD and the First Party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

### **CLAUSE 3**

#### **INTELLECTUAL PROPERTY**

Nothing contained in this MOU shall, by express grant, implication otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

  
Principal  
P. R. Pote (Patil)  
College of Engineering & Management  
Amravati.

**CLAUSE 4 VALIDITY**

This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Name of Industry** (ASPA BANDSONS AUTO PVT. LTD ), the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Training Partner** or (ASPA BANDSONS AUTO PVT. LTD) **Name of Industry**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

**CLAUSE 5**

**RELATIONSHIP BETWEEN THE PARTIES**

It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party. Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Amravati.

farmers. These high-tech tractor-mounted solutions include Rotary Tillers, called Rotavators, Power Harrows, Power Shredders, and Power Diggers

**E) Background of Company**

Founded in 1986, the **Jadhao Group** started by manufacturing premium quality cotton ginning and pressing machinery plants. Subsequently, the company started manufacturing a range of allied products related to the cotton ginning and pressing industry. With time, the company streamlined its many businesses into specific verticals. As a result of this exercise, the agricultural tractor implements business vertical unit named Jadhao Layland was formed in the year 2013.

In 2013, thanks to the vision and efforts of our Managing Director Mr. Sanjay Jadhao, Jadhao Layland Pvt .Ltd entered into a technical collaboration with FALC S.r.l., a globally renowned Italian agricultural mechanization company. This collaboration led to the creation of the JADHAO FALC brand in India.

FALC is a name of repute for more than 60 years in mechanized farm implements and machine manufacturing business. Moreover, its state-of the-art farming solutions are available in more than 50 countries today. With this collaboration, JADHAO FALC aims to manufacture and make available cutting-edge mechanized farming solutions to Indian farmers.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTHIN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

### CLAUSE 1

#### CO- OPERATION

Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party. The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter here of and shall supersede any prior understanding between the Parties on the subject matter hereof.

### CLAUSE 2

#### SCOPE OF THE MOU

The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

**Curriculum Design:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

**Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career.

**Research and Development:** Both Parties have agreed to carry out the

joint research activities in the fields of Design & Simulation for Undergraduate Students for Projects & Seminars.

**Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.

**Guest Lectures:** Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.

Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programmes on the terms specified herein.

There is no financial commitment on the part of the AD-Techno Machinerics and the First Party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

**CLAUSE 3  
INTELLECTUAL PROPERTY**

Nothing contained in this MOU shall, by express grant, implication otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

**CLAUSE 4  
VALIDITY**

This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Name of Industry (Ad-Techno Machinerics)**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Training Partner or (AD-Techno Machinerics) Name of Industry**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

**CLAUSE 5  
RELATIONSHIP BETWEEN THE PARTIES**

It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other

### About Program :

Department of Mechanical Engineering organized Webinar on “**Role of CAD CAM & CAE Software in Mechanical Engineering**”. Mr. Ashish Ramdas Satao, Global Head: Team Solutions CAM Tech Solutions Pune was the resource person for this webinar. Students of Second, Third and Final year of the department attended this webinar enthusiastically. Concerned to the today’s scenario about skill developments and effective Presentation and communication for job opportunities, the resource person gave an idea about importance of CAD ,CAM & CAE software for Mechanical Engineering students .Speaker also discuss with students about probable job opportunities of Product design in aerospace ,automobile and industrial equipment sector . The department received very good

Progress Report - I  
Consultancy for Funded Project  
2020-21 (Three Months)

Date : 15/06/2021

As per Project proposal and MOU with Ad-Techno Machineries and Department of Mechanical Engineering, P.R.Pote Patil College of Engineering and Management for consultancy of funded project for design and fabrication of papad making machine, following activities were conducted as part of consultancy work.

Sr.No.	Name of Activity	Details of Work done	Duration
1.	Literature Review	Literatures collected and taken review through various research articles presented by earlier researchers. Reviewed various manufacturers of papad making machines and other related products.	25 <sup>th</sup> March to 15 April 2021
2.	Visit to Ad-Techno Machineries	Visit conducted to study the existing machineries of papad making, sewai making machine etc	18 <sup>th</sup> April & 25 <sup>th</sup> April
3.	Meeting with Founder/Owner of Ad-Techno Machineries Mr. Nilesh Vidhate	Discussion regarding development of new papad making machine of capacity of approx. 60 Kg/day with affordable price. He gives idea about various parts i.e. PPE rollers, various papad cutting die, gears mechanism and overall working of machine.	2 <sup>nd</sup> & 9 <sup>th</sup> May 2021
4	Problem Identification	As per discussion with Mr. Nilesh Vidhate, Existing machine is of low capacity and some technical problems regarding feeding of dough which creates vibrations. Ad-Techno machineries want to develop higher capacity papad making machine with unique design so that they can sell accessories also of the same machine to the customer.	15 <sup>th</sup> May 2021

Subject : Consultancy of R&D work

Dear Sir,

Ad-Techno Machineries deals with design and development of customised machineries i.e. papad making machines, sewai making machines etc. Our company plays major role in manufacturing of customized machineries. Therefore the company is interested for long lasting technical collaborations, with organizations and institutions for generating awareness and promoting technologies, through R&D and/or consultancy. In this, we need the assistance from your faculty experts for our industry in the form of consultancy work. Please extend your Technical expertise accordingly.

Waiting for your reply.

## Project Details\*

Broad Area of research: Product Design and Development

Title: Papad Making Machine

Keywords: Papad, Dough extruder, Papad making machine, Rotary cutting unit

Abstract of proposed work(Max 300 words):

Among Indian recipes, papads are most popular. It is an adjunct part of food in Indian families of all income groups to cultural backgrounds. Besides being an important part of the regular food, it can also be used as snacks and is equally used in houses, hotels, parties etc. Hang with adding taste to the food, papad also prove beneficial for health as its ingredients keep the blood pressure in control. The demand for papad is continuously increasing and that too, uniformly in all parts of the country because it is an inseparable part of Indian food, it is used in every state of the country at Hotels, restaurant, snacks corners, marriages etc. Moreover, there are bright chances of distribution of papad outside our country. Considering a big market for this product, it is expected that the semi-automatic papad making machines can run successfully to cater the need of big national as well as international market. India has largest industries of Papad making machines which serves in every corner of country. Machines available in Indian market are costlier to afford for small scale industries like 'Grihaudyog' who are still making papad handmade. So to overcome this and looking on various parameter, it has decided to "Design and Fabricate papad making machine" with advanced features available on affordable prices. The mechanism will use drives, pulley, belt, motor, gears, roller mounted for making papads with minimum cost and setup produce multiple papad per cycle. In this setup we can vary the size of papad with less efforts and also it can use to make papad for multi grains. Designing such type of machine having optimum production and affordable for household Business, the machine can cater to the larger requirement of items in a short span of time with electronic inter face system.
